

OVERALL GOAL – “One-way trick-or-treating where individually wrapped goodies are lined up for families to grab and go.”

1. **PARKING** – A designated sign will be placed where you will park during the event. Your trunk is to be facing the inside of the square. MABA will email an assignment map showing your designated space before the event.
2. **VEHICLE TRUNKS** – We will provide a temporary sign for parking purposes. Each parent would like to be aware of who they are receiving their children’s candies, please provide a Business Sign/Vehicle Sign with your business logo/name.
3. **TREATS** – Please decorate your truck as in the past. Only prepackaged candies, little favors, or treat bags (no homemade treats) for safe easy distribution.
4. **FOOT TRAFFIC** – Event coordinators will provide arrows to direct foot traffic and keep people walking in one direction during the event.

The turnout keeps growing! I would plan on 800+ pieces of candy to pass out to our Trick-or-Treaters. Any unopened bags you can return or there’s still time to use them at your own home.

If you have any additional questions prior to the event, you can contact Peggy Edwards or Lindsey Rajkowski from Village Floral Designs by email at shopthevillageflorist@gmail.com
