

May 13-14, 2019

Washington Marriott, Washington, D.C.

Federal CPIC Forum presents the Federal Information Technology (FIT) Government Summit. **FITGovSummit** conjoins the Annual CPIC Conference, now in its 12th year, with the project management Artifact Academy to bring expansion to this unique learning event. Capital Planning and Investment Control (CPIC) continues to be a mandated Investment and Portfolio management activity within the federal government. It's purpose is for properly managing and governing Capital Planning Investments in accordance with guidance such as the Office of Management and Budget (OMB) Circular [No. A-11](#), Preparation, Submission, and Execution of The Budget and the OMB Circular [No. A-130](#), Managing Information as a Strategic Resource.

CPIC reporting roles continue to evolve. Changes within the Administration, strained media relationships, emerging new initiatives such as Technology Business Management (TBM) and Entrepreneurial government and evolving project, portfolio and programmatic management are some examples of the core impacts to niche project management career fields and what is being reported.

Frequently the layers of the federal government personnel who perform project, program or portfolio management responsibilities centered on major investments do not understand CPIC, and CPIC people don't always understand how to evaluate project management artifacts for compliance and submittal with business case justifications and budget requests. The **FITGovSummit** brings together the Wisdom-givers who are experienced with artifacts, processes, guidance, best practices and tools to enable "FIT" Government; a core differentiator from other training that provides only the highest-level overview or courses intensive and subject-specific. The FITGovSummit pairs practitioners and educational partners for inclusive learning combined with issuance of Continuous Learning Point (CLP) credit applicable for continuing professional education.

Participating in the **FITGovSummit** allows the CPIC Forum to continually evolve our educational value to meet the expanding needs of the project management and financial management communities. With the support of our sustaining educational partners, CPIC Forum provides year-round value to **FITGovSummit** participants, to include:

CREATING PATHWAYS FOR ACTIVE COMMUNITY ENGAGEMENT

CPIC Forum has the following active Special Interest Groups (SIGs).

- Community Outreach (Social Networking, Recruiting, Events, Newsletter, Meetings, Elections)
- Technology Business Management
- Certification & Education
- Performance Metrics and Value Measurement
- Business Development & Networking
- FITARA
- Elections Committee
- Awards
- Identity & Branding

Need a different one? Let the team know. We are forming a list of other SIG topics.

MAKING ORGANIZATIONAL & STAFFING IMPROVEMENTS

This year, the Management and Operations duties of the Forum continue with our internal staff. Christy Davenport-Everett continues handling our marketing, communications and registrations. Laura Johnson continues to work the annual event, agenda, speakers, and awards - making it look easy while she does the heavy lifting.

OVERHAULING OUR WEBSITE, FORMS AND MATERIALS

You will notice the rebranding of Forum materials and the website as we make updates and improvements. There will be more opportunities for each of you as members to assist in taking the Forum's presence to the next level - via the Special Interest Groups. There is a seat at the table for every member who wants to participate.

Launch of new websites and content at:

www.cpicforum.org

www.cpicSummit.com

www.fitgovsummit.org

www.artifactacademy.com

EXTENDING THE C2AI PROGRAM

After four successful years in the initial stages of the C2AI program, and a 100% success rate defined by graduates securing full-time employment, we have extended the program and launched a commercial about the program available for viewing and sharing at cpicforum.org. We need your help referring applicants into the program and sponsoring applicants within the program, so please share our commercial liberally on your LinkedIn, Twitter, YouTube, Facebook, and other Apps.

Thank you for being at the 2019 FitGovSummit. Thank you for being part of the community. Thank you for being a Forum member.

Janelle Moore

FEDERAL IT GOVERNMENT SUMMIT

MAY 13-14, 2019

WASHINGTON MARRIOTT
WASHINGTON, D.C.

MEET OUR 2019 SUMMIT CO-CHAIRS

TARRAZZIA MARTIN, EXECUTIVE DIRECTOR, USNIA

Join Co-Chair Tarrazzia Martin, a former Federal Chief Information Officer (CIO) and Transformation Executive and Digital Strategist with USNIA Inc. She is also the Executive Director, and Founder of New Utopia International Foundation.

Ms. Martin is a Senior Executive with over 20 years of leadership and digital technology experience across multiple federal market sectors. She is an expert in federal government practices in the areas of strategic planning, public policy, portfolio and performance management, acquisition planning, program/project management with a keen understanding of how to leverage technology planning, operations and implementation methods to deploy business solutions and ensure measurable outcomes.

Ms. Martin is the Executive Director of USNIA, a private law enforcement and Investigative services company that leverages digital technologies to enhance law

enforcement processes and services. USNIA provides a wide array of law enforcement services and training and education courses such as: special police officer (SPO) courses, armed and unarmed security guard classes, certifications for digital tech tools such as UAVs, as well

as cyber technology capabilities. These technologies enable improved investigations and surveillance methods and enhance executive protection and fugitive recovery services. Ms. Martin is the Founder of New Utopia International Foundation which is a faith-based organization centered on providing fairness and equity for communities. New Utopia aligns with various affiliate and partner organizations to provide holistic services to those in need.

JACQUELINE BOYKIN, NATIONAL PARK SERVICE, SENIOR CAPITAL PLANNER

Jacqueline Boykin is a Senior Capital Planner with the federal government and is Co-Chairing CPIC2019. Jackie is also a mentor of Candidates-to-Analysts Initiative (C2AI) participants.

SUPERVISORY IT SPECIALIST, GLOBAL IT PROGRAM MANAGER AND PROJECT MANAGER with over 25 years of progressive experience providing IT services, program and project management, and analysis and strategic planning. Expert at leading change management efforts, implementing workforce planning solutions, and providing management consulting. Solid record of performance managing

high value, high profile projects.

A persistent leader with strong business acumen and proven ability to balance short-term priorities against long-term organizational goals. Very strong critical thinking, problem solving, research and liaison skills. Recognized for outstanding communication skills, flexibility, keen political savvy, sense of humor and leadership abilities.

FITGOVSUMMIT EXECUTIVE STEERING COMMITTEE

The Executive Steering Committee provides governance and advisory council services in addition to performing the review and selection of the recipients of the "Cooper-Godlove CPIC Awards of Excellence."

COOPER-GODLOVE CPIC AWARDS OF EXCELLENCE

PURPOSE: The Federal Capital Planning and Investment Control (CPIC) Forum Awards Program was established in 2007, as set forth in the CPIC Forum Charter. It is designed to encourage support for the Mission and Goals of the Forum by recognizing outstanding individual and organizational achievements and contributions in capital planning and related areas (Enterprise Architecture (Ea), Portfolio Management (PfM) and Earned Value Management (EVM)), and for promoting and supporting the Forum.

NAME CHANGE: In 2013, The CPIC Forum Conference Executive Steering Committee and Advisory Board was to change the name of the CPIC Awards of Excellence to the Godlove-Cooper CPIC Awards of Excellence, recognizing the significant CPIC community contributions of Mrs. Stacey Godlove and Mr. Terry Cooper; posthumously, Mrs. Godlove and Mr. Cooper are survived by their wonderful and amazing families.

THE CONSULTANTS-TO-ANALYSTS INITIATIVE (C2AI)

Zen Federal, The ArcSource Group and Oxford Government Consulting are proud to be founding partners of the Consultants-To-Analysts Initiative (C2AI) with Forum. C2AI is an innovative recruitment and training initiative to address the disparity between the current demand for qualified, current, knowledgeable professionals in the CPIC, budget, acquisition and governance career fields and the existing supply. The most significant disparity in CPIC and Governance- qualified professionals are those who are certified in these processes through the Capital Planning Professional (CPP) certification. Companies are teaming with the Federal CPIC Forum to bring innovation and new, freshly-trained and qualified CPIC and governance talent to our clients.

We are developing an initiative to address growing demands for qualified and certified analysts. Our goal is to grow an annual cohort of new resources for recruitment, training and placement into junior and mid-level positions. This includes a combination of required study and reading, attendance in required training courses, conference attendance, webinar training, as well as coaching and mentoring via the Federal CPIC Forum, all of which complies with the core knowledge and competency requirements to obtain the Capital Planning Professional (CPP) certification, when combined with applied experience and a passing exam score.

This Candidates-to-Analysts Initiative (C2AI) is currently accepting applications for the second year cohort. Ideal candidates may come from a variety of different backgrounds: college graduates, wounded warriors, retiring veterans, military spouses or those interested in making a career transition. For more information, or to apply, visit **cpicforum.org**.

CPP CERTIFICATION

The Capital Planning Professional (CPP) certification was developed by the FitGovSummit and Certification Special Interest Group. The purpose of the certification is to provide a formal level of distinction for the best and brightest subject matter experts in the field of federal capital planning and investment control. In addition, it also acknowledges individuals who share the same combination of professional ethics, knowledge and experience that are the hallmarks of excellence within the profession. The FitGovSummit will provide for the administration of the CPP, which will include independent verification and validation of references and content of applications, approvals, and certification of appropriate applicants, denials of certification (when appropriate) and management tracking of certified CPP members.

For more information, email assistant@cpicforum.org or call 877-469-6790.

THANK YOU TO ALL OF OUR EDUCATIONAL PARTNERS

ZenFederalLLC

WE ARE NOW ACCEPTING EDUCATIONAL PARTNERS & EXHIBITORS
FOR THE 12TH ANNUAL FITGOVSUMMIT ON MAY 13-14, 2019!
TO SIGN UP AS A EDUCATIONAL PARTNER, PLEASE VISIT FEDGOVSUMMIT.ORG

The **Opportunity Pavilion** is an opportunity for companies and agencies to showcase and demonstrate technology applications, solutions, lessons learned, best practices and educational materials to attendees that highlight capabilities, past performance, solutions and best practices.
