

Motorized Radial 18/9 Frame Extractor For Sale

This extractor, new, costs approximately \$1,400. The 18 position radial extractor makes short order of extracting due to its large capacity. As I am a small volume hobby beekeeper, I have not used it that much. It is only a few years old. It looks and operates almost as new. This is a steal at \$699. It won't last. Call now. Pickup in Rockford. Call 815/332-3343 or email robertarevalo55@gmail.com
