Manufacturer's Warranty

Every Superior building is backed by a 10-Year Manufacturer's Warranty—because we believe in the craftsmanship behind our work. This warranty covers structural integrity but does not apply to normal wear, misuse, or abuse. Our siding includes a 50-Year SmartSide warranty or a 40-Year painted metal warranty, depending on your selection. Flooring comes with a 50-Year limited warranty and a 200-day "no-sand" guarantee for added peace of mind. We don't just build sheds—we build confidence.

Delivery & Set Up

Let's Get Ready for Your New Building!

Will It Fit?

Before we hit the road, double-check your gate opening and access path. We want a smooth ride all the way in. If you're ordering a wider building, make sure there's enough clearance from fences, trees, or tight turns.

Keep Pets Safe!

Please make sure your pets are secure on delivery day so our crew can work safely and efficiently. We will be in and out before they know it.

GPS Isn't Perfect.

Our drivers use mapping apps to find you, but sometimes even technology needs a hand. Please send a pin from Google Maps when possible for pinpoint accuracy.

Trim It Up!

Low-hanging branches or tight turns can make delivery tricky. A quick trim can save a big headache and keep your trees happy too.

Weather Watch.

If Mother Nature gets moody, we might need to adjust the schedule. Wet yards and heavy rains can cause delays. Don't worry, we will work with you until your delivery is perfect.
