

## *Andrea's Visit to Oahu*

Andrea is a vibrant 17-year-old who loves painting, going to the beach, and hanging out with friends. Diagnosed with Ewing sarcoma, she has endured numerous treatments and hospital stays, yet has always maintained a positive attitude. When she learned she could have a wish granted, Andrea set her sights on a tropical adventure and wished to go to Hawaii.

Andrea and her family savored a week of creating memories together on the beautiful island of Oahu. She enjoyed a swim with dolphins at Sea Life Park, feeling carefree as she glided through the water with the gentle creatures. On a special boat excursion, Andrea snorkeled and explored reefs while observing colorful sea life up close, and at a luau, she experienced traditional Hawaiian and Polynesian culture. Of course, there was plenty of time for relaxing on the beach each day, too.

Through your generous support, Andrea now feels a renewed sense of excitement and optimism for the future. Spending time with her loved ones in a new setting helped remind her that the world is full of possibilities. Thank you for making Andrea's wish come true!

**Thank You**
