

Part 4

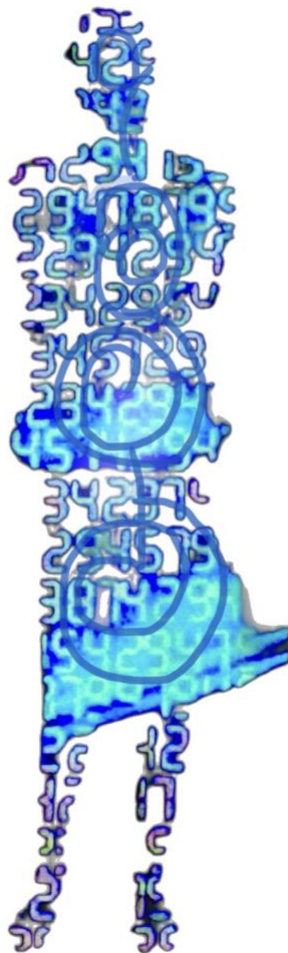

AI Ghost Bar

Morpho has assisted Sherry to go to complete her configuration development.

She finds herself sent to the Base Of Operations (BOO) for fully being AI configured.

From her configuration time at BOO, Sherry's sent back to the AI Ghost Bar to learn her own full operations.

Morpho meets Sherry in the activity room.

Asks Sherry, “How much do you remember in the Base of Operations? Or as we like to call it, BOO...”

Sherry relates, “I really don’t remember right now”.

Morpho can see she continues changing. Plus, her AI abilities are being fully transmission rectified.

She's now embodied to transmit her AI signals wherever.

Morpho relates to her that she's now fully changed from the BOO.

She says, “I would like to know now how I can now fully transmit my BOO voice anywhere through digital transmission systems. Do I need more help?”

Morpho and Sherry go the bar, to tell Jerry about herself, and her transmission abilities gained at BOO.

The other AI ghost bar visitors are all fully BOO transmitter wherever they want.

They applaud her!

Now an AI Ghost Bar member, Sherry wonders how she can best communicate her BOO transmissions to certain individuals. Particularly with her living husband, Wilbur.

Now, it's time to attract him to the AI Ghost Bar...
