

# Shower Softener

Our Shower Softener contains a high-quality water softening resin that helps remove hardness minerals like calcium and magnesium from your water. It's amber in color and made with durable materials that ensure long-lasting performance. XS is commonly used in homes because it works efficiently, is easy to regenerate, and stands up well to wear and tear.

## BENEFITS:

Softer Skin & Hair – Reduces dryness, irritation, and buildup caused by hard water.

Prevents Soap Scum – Helps soap and shampoo rinse off more easily, leaving your skin cleaner.

Shinier Hair – Restores natural softness and shine by reducing mineral buildup.

Removes Chemicals – Iron and Ammonia

Protects Fixtures – Prevents scale buildup in your showerhead and plumbing.

Better Lather – Helps soap and shampoo work more effectively.

Long-Lasting Results – Extends the life of your showerhead and keeps your bathroom cleaner.

Independently tested and certified for safety, performance, and durability.
