Diamond Approach Florida

Commitment: Boon or Doom?

Diamond Approach Florida, an open group, welcomes those in the South/ Southeast US to join us for this teaching weekend. There will be talks evoking our depth, as well as meditation, and personal inquiry exploration.

Some people see commitment as a boon. Others see commitment as doom. What is commitment to you? Boon or Doom?

Ego is committed in a stubborn way that blocks out feelings. But Essential commitment is an expression of freedom and love that involves remembering why you are doing what you are doing and applying yourself willingly.

Essential commitment is an expression of Essential Will. It evokes our true commitment to discover the truth of our experience. And our love of truth allows us to discover the wondrous treasure that is within us—who we really are. With this discovery, our inner journey and our life can be transformed.

TEACHERS: **Ilene Buchalter**, a Diamond Approach teacher since 2002, works with groups and individuals living in Florida, Colorado, the Southeast U.S, and internationally.
