PASS-THRU REFRIGERATORS
Top Mounted Condensing Unit

EPT - Series

▲ **EPT-1S1S**

▲ **EPT-1G1S**

▲ **EPT-2S2S**

▲ **EPT-2G2S**

Cabinet Construction

· Pass Thru design allows seamless access from both front and back entry points.
· Open spaced interior with no walls between compartments.
· Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.
· Galvanized steel top and bottom.
· 2.5" thick high density polyurethane insulation.
· Four 5" swivel casters with locks on front set.

Refrigeration System

· Top mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing.
· Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.
· Full-length air duct system and airflow guard ensure optimal circulation of cold air.
· Time-initiated and temperature-terminated auto defrost cycle for seamless operation.
· Large capacity, corrosion-resistant condenser and evaporator coils.
· Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.
· High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning. Refer to owner's manual for full maintenance instructions.
· Pressure relief devices allow smooth access to cabinet interior when re-opening doors.
· Pre-wired and ready to plug, 240V/50Hz/1Ph, 10Amp Australian Plug

Lighting

· Energy efficient silicone coated and shatter-proof LED lighting provides bright, high color illumination with low heat output for models, EPT-1S1S and EPT-2S2S.
· Shielded LED bar lighting with on/off switch provides bright, high color illumination at lower heat output for models, EPT-1G1S and EPT-2G2S.

Doors

· Solid or glass front and rear doors. Solid doors have stainless steel exterior/interior and 2.5" thick, high-density polyurethane insulation. Glass doors have low emissivity double glass panes that reflect UV rays for efficient cooling.
· Frame heaters prevent exterior moisture build up.
· Self-closing with adjustable torsion system for a positive seal.
· Snap-in magnetic door gasket make cleaning and replacement an easy process.
· High strength, recessed door handles.
· Pre-installed door locks keep your items safe from theft.
· Field reversible.

Shelving

· Three epoxy coated, steel wire shelves per section.
· Height adjustable stainless steel clips.

Temperature Control

· Multi-function digital controller with easy to read LED display.
· Factory preset temperature, 2°C.
· Audible overheat protection alarm for compressor and condenser coil.

Options

· 3.5" – 6" height-adjustable and interchangeable legs.
· 3" swivel casters with locks.
· Additional shelving.

Austune Australia Pty Ltd Unit 3, 35 Davis Road Wetherill Park NSW 2164

the Best Warranty in the Industry

5 YEAR Compressor
3 YEAR Parts & Labor
