

MOTIVE CLUB | PRO ID & DEVELOPMENT CAMP

OVERVIEW

Built for Western Canadian NCAA and U SPORTS grads, 4th- and 5th-year players, and free agents pursuing pro opportunities. Designed to deliver both exposure and development, all in one setting.

SCOUTING & EXPOSURE

We've had strong interest from both PWHL and European clubs. European teams will be watching remotely, and PWHL feedback has been very positive, with teams identifying this event as a key window for additional camp invites post-draft.

We are in constant communication and will continue updating teams as rosters develop. Agency representatives will also be invited to our luncheon to connect with players directly and provide insight into how they can support the path to pro.
