3 YOUTH RESOURCES

With fall fast approaching consider what kind of eco friendly activities you can implement while having fun with the children.

Check out this simple Halloween costume activity for the kids where creativity and innovation join the world of upscaling under used items to create earth saving costumes!

Create a Halloween costume from trash, recycled materials and reused clothing. Take a photo of it and give it to your teacher. Your teacher will award you with a Defender of the Planet certificate. Thanks for helping to protect the Earth! www.kidsforsavingearth.org
