

Pneumatic & Hydraulic Solutions for Industrial Automation

Spectrum Industrial Products, Inc. is a family-owned fluid power distributor serving manufacturers since 2000. We specialize in pneumatic factory automation while sourcing a broad range of hydraulic, electrical, mechanical and industrial components from leading manufacturers.

Our extensive network allows us to provide a wide range of industrial products to meet your specific application and purchasing needs.

PNEUMATIC

- Cylinders
- Valves
- Fittings
- Tubing
- FRLs/Regulators
- Flow Controls
- Air Preparation
- Manifolds
- Air Tools

HYDRAULIC

- Cylinders
- Valves
- Pumps
- Power Units
- Filtration
- Components
- Gauges
- Hose Assemblies
- Quick Couplers & Disconnects

AUTOMATION & INDUSTRIAL

- Robotics
- Electric Motors
- Electrical Components
- Switches
- Shock Absorbers
- Air Springs
- Gearboxes

FLUID & PROCESS

- Fluid Connectors
- Process Heaters
- Pumps
- Heat Exchangers
- Lubricants
- Instrumentation
- Tubing & Pipe Fittings

SEALING & MRO

- O-Rings & Extrusions
- Seal Kits & Gaskets
- Fasteners

TELL US WHAT YOU NEED.

We are an extension of your team. From finding cost-saving alternatives to sourcing hard-to-find replacements, we're happy to do the legwork and help you find the right solution. We'll put our sourcing and engineering experience to work to help you.
