

*Click on MEMBERS*

The screenshot shows the EPC365.com website interface. A blue arrow points from the text 'Click on MEMBERS' to the 'Membership' button in the top navigation bar. The website features a green navigation bar with links: Home, Engineering, Studies, Risk, Safety, SCE, MIE, HSE, PSM, OMS, Crisis, Training, EPC365, and a dropdown arrow. The main content area includes a 'Welcome!' message, a list of operating divisions (Engineering, Audit, inspection and monitoring of projects, Safety Engineering, Risk Based Engineering, Safety Critical Element (SCE) Integrity monitoring, Studies & Simulations, HSE Management, Process Safety Management (PSM), Operation Management, Training), and buttons for 'Company Profile + CTRs', 'EPC365 User Guide', 'Click here to implement Process Safety Management (PSM)', and 'Agency agreement between ADEPP Academy (UK) and PMC OilPro (Fr)'. The 'ENGINEERING MONITOR' section displays an image of an industrial facility and buttons for 'Engineering', 'E-Courses', 'Workshops', 'Specialists', 'Vendor', 'Agency', and 'WebOffice'. A 'Request form' section includes fields for 'Name', 'Email', and 'Subject', and a 'French' button. The footer shows the Windows taskbar with the time 04:17 on 24/09/2018.

## Click on (Performance Standards monitor)

The screenshot shows the EPC365 website interface. A large blue arrow points from the text 'Click on (Performance Standards monitor)' to the 'PERFORMANCE STANDARDS MONITOR' button in the product list. The website features a navigation bar with links like Home, Engineering, Studies, etc. A sidebar on the left contains social media icons and a search bar. The main content area displays a list of project monitors with their prices and 'Add to Cart' buttons. A diagram titled 'EPC365 Workspaces!' illustrates a network of users (Company, Contractor, Specialists, Vendors) connected to a central system. Below the diagram, text explains the benefits of EPC365 Workspaces and includes a 'Subscribe' button with payment logos. At the bottom, there is a 'Request form' with a name field.

*Click on ... to see Status of Tasks*

The screenshot displays the EPC365 Project Monitor interface. A large blue arrow points from the text "Click on ... to see Status of Tasks" to the ellipsis menu in the task list. The interface includes a navigation bar with "Office 365" and "SharePoint", a search bar, and a sidebar with "Home", "Documents", "Tasks", "Calendar", "PS Community", "Discussions", "Categories", "Web Links", and "Contacts". The main content area shows a "Tasks" list with columns for "Task Name", "Due Date", and "Assigned To". A Gantt chart view is visible at the top, showing a timeline from April 2017 to June 2017. The task list includes tasks such as "P1: STRUCTURAL INTEGRITY", "Give the reference in performance Standard", "Perform FERA", "P4: PROCESS CONTAINMENT INTEGRITY", and "P5: PIPELINES INTEGRITY".

Task Name	Due Date	Assigned To
P1: STRUCTURAL INTEGRITY	October 22	Frederic Salimi, Fabienne Salimi
Give the reference in performance Standard	...	...
Perform FERA	...	...
P4: PROCESS CONTAINMENT INTEGRITY	July 22	Fabienne Salimi
P5: PIPELINES INTEGRITY	November 22	Frederic Salimi
DOWN SYSTEM (PSD)	July 22	Fabienne Salimi

*Click on ... to create Sub-Tasks or open the Task*

The screenshot shows the EPC365 SharePoint interface. The top navigation bar includes 'Office 365' and 'SharePoint'. The left sidebar has a 'Tasks' menu item. The main content area is titled 'Tasks' and shows a list of tasks. A task named 'P1: STRUCTURAL INTEGRITY' is selected, and a detail overlay is shown on the right. A large blue arrow points from the text 'Click on ... to create Sub-Tasks or open the Task' to the three-dot menu icon next to the selected task.

## *Open ESD Performance Standard Rev0*

The screenshot shows a SharePoint web page for 'C4: EMERGENCY SHUT DOWN (ESD) SYSTEM'. The page header includes 'Office 365' and 'SharePoint' branding. The main content area displays the title 'C4: EMERGENCY SHUT DOWN (ESD) SYSTEM' and a sub-section 'C4- ESD Performance Standard'. A blue arrow points to a post by Frederic SALIMI, which reads: 'Did you update Safety Concept. Attached C4-Perforance shows safety concept on HOLD. [Performance Standards ESD Rev0.doc](#)'. The post is dated '5 hours ago' and includes 'Like', 'Reply', and a menu icon. A 'Reply' button is visible at the bottom right of the post area.

## Insert your comments and issue Rev1

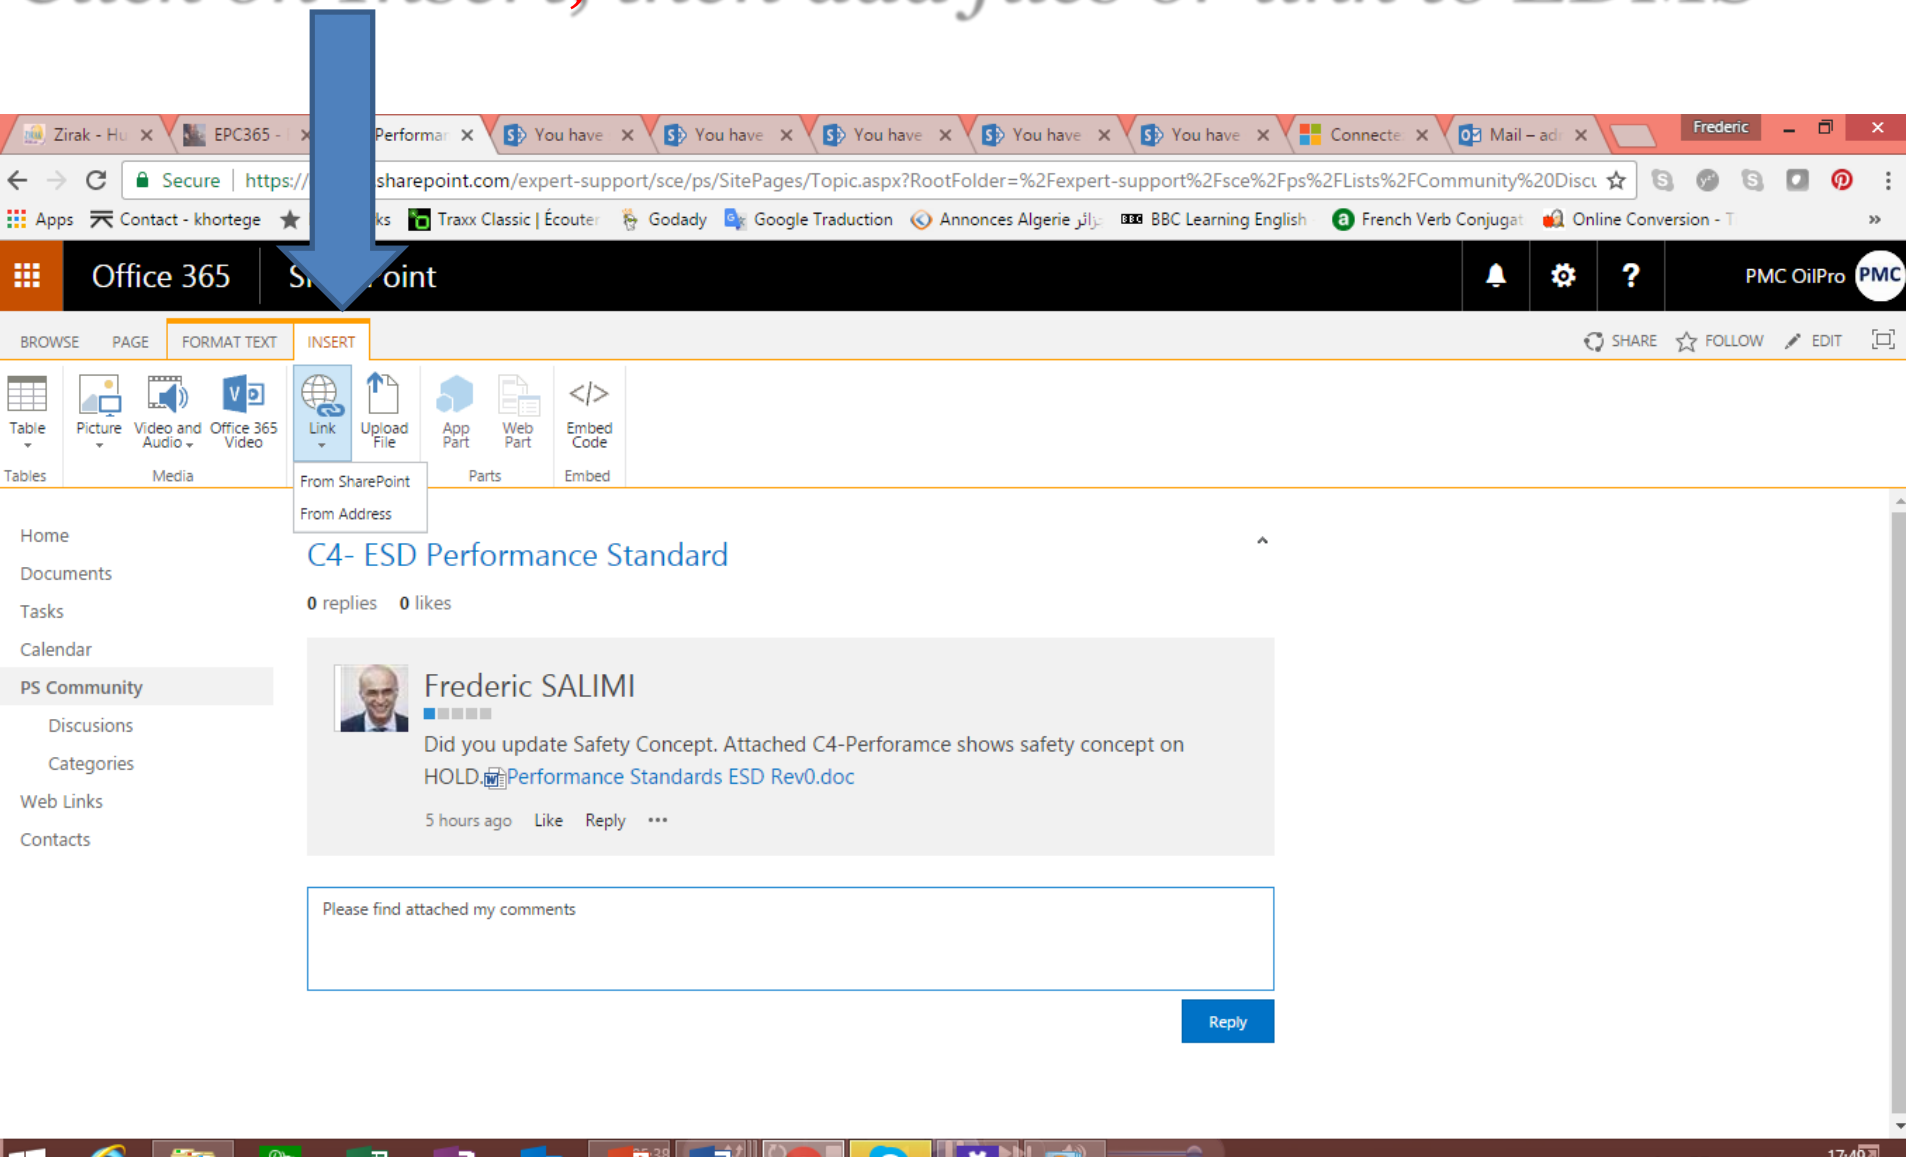

### C4: EMERGENCY SHUTDOWN (ESD) SYSTEM

**Performance Objective:** To provide facilities for safe and effective isolation of equipment and hazardous inventories in response to severe process upsets and other hazardous conditions.

No.	SCOPE/EQUIPMENT	No.	INTERACTIONS	Ref.
C4.1	ESD control system	I1	Flammable gas detection	1
C4.2	ESD valves	I2	Fire detection	2
<p><b>Notes:</b> The ESD system controls the shutdown levels ESD-1 and ESD-0 as defined in the safety concept document. Shutdown levels SD-2 and SD-3 are managed by the PSD system (see PS P9). SD-2 is a process shutdown and SD-3 is a unit shutdown. ESD-1 is a process and utility system shutdown with automatic depressurisation. ESD-0 is the ultimate shutdown and shuts down all potentially hazardous equipment and ignition sources.</p> <p>Standalone package control systems may have integral unit shutdown functionality, but will receive inputs from the ESD system.</p> <p>ESD valves are those controlled by the ESD system, excluding Blowdown Valves (see PS C9), riser ESD valves (see PS C5) and Subsea isolation valves (SSIVs, see PS C7).</p>		I3	Fire & gas system	3
		I4	Riser ESDVs	5
		I5	SSIVs	7
		I6	MACs	8
		I7	Blowdown system	9
		I8	PA/GA	1
		I9	Maintained power supplies	9
		I10	Blast resistant construction	2
		I11	PFP	3
		I12	Process Shutdown System	9
		I13	Relief systems	0

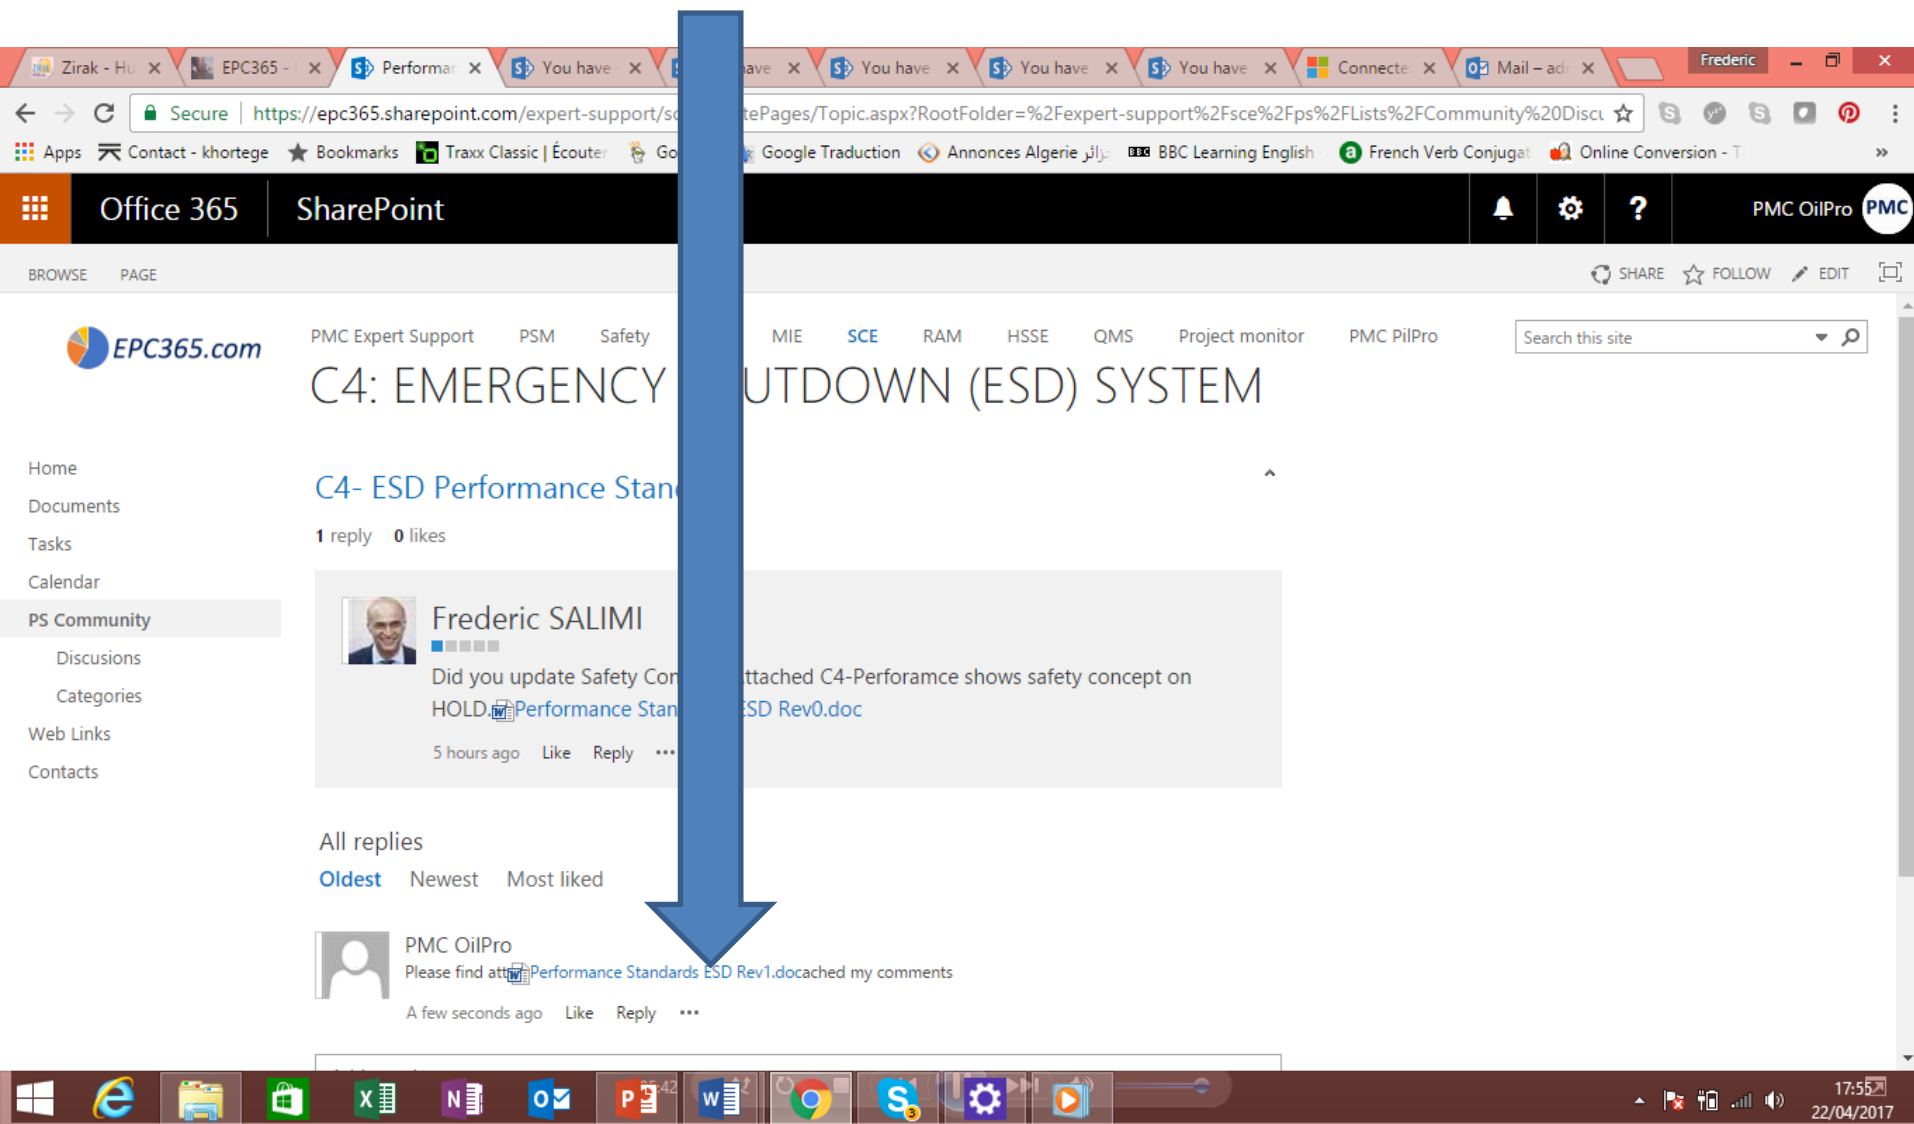

No.	FUNCTIONALITY	REFERENCES	MEANS OF ASSURANCE	REFERENCES
F1	ESD system shall continuously monitor process data, equipment status and inputs from other systems, in areas of the platform where a major accident could occur.	<p>PMC EPC365 (HOLD): Functional Specification for Integrated Control and Shutdown Systems</p> <p>PMC EPC365 (HOLD): ESD Logigrams (cause and effect diagrams)</p>	<p>The ESD System is described in the Operational Safety Case and Safety Concept document.</p> <p>Assurance is provided initially by design, specification, and QA/QC of installation and commissioning.</p> <p>Subsequent modifications shall be carried out in accordance with the Change Control Procedure.</p> <p>Operational assurance of the ESD System shall be provided by routine inspection and function checks, carried out in accordance with work instructions and at frequencies scheduled in CMMS.</p>	<p>Safety Concept (HOLD)</p> <p>Operational Safety Case</p> <p>Change Control Procedure</p> <p>Work Instructions</p> <p>Significant Shutdowns &amp; ESD/PSD Checks &amp; Permission to Restart Procedure</p> <p>CG Shutdown Database</p>

*Click on Insert, then add files or link to EDMS*

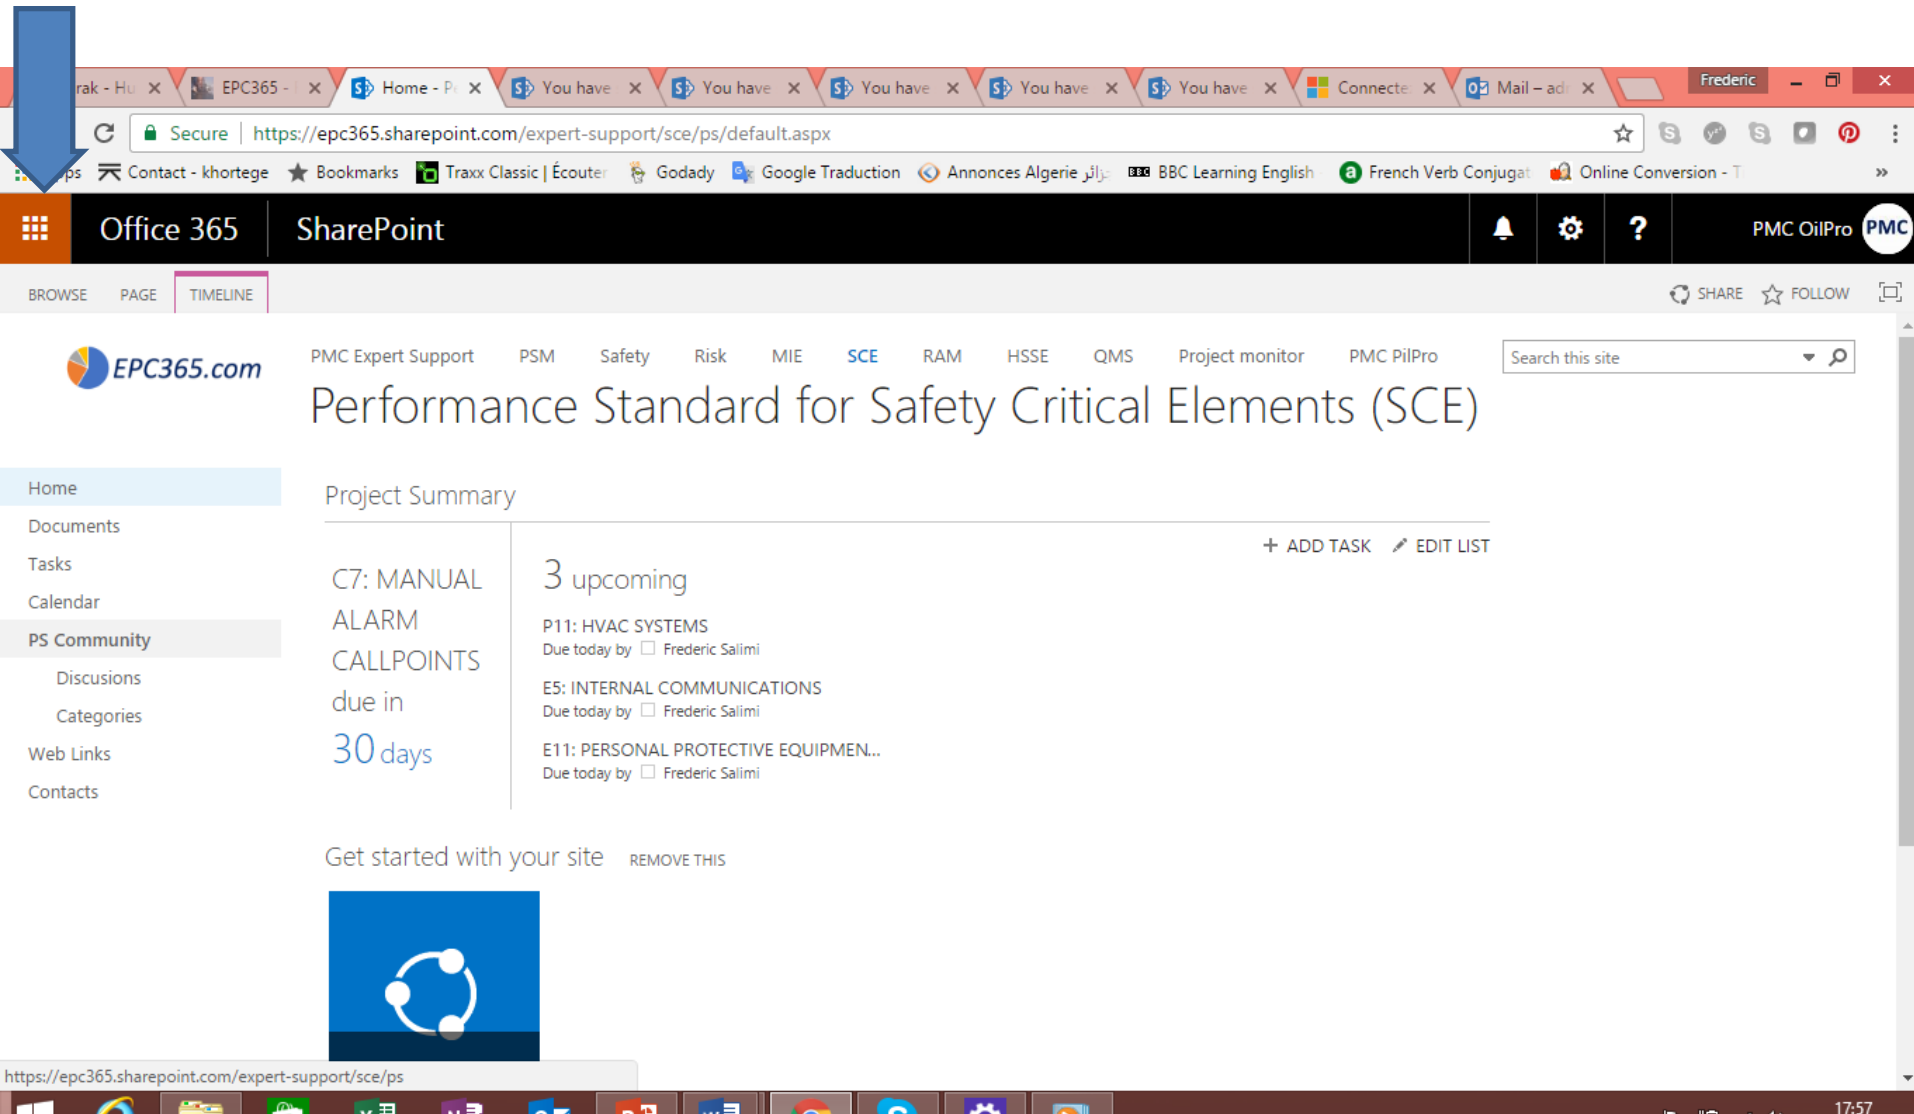

The screenshot shows a web browser window displaying a SharePoint site. A large blue arrow points to the 'Insert' tab in the Office 365 ribbon. The 'Insert' tab is active, showing options for 'Link', 'Upload File', 'App Part', 'Web Part', and 'Embed Code'. The 'Link' option is selected, and a dropdown menu is visible with 'From SharePoint' and 'From Address' options. Below the ribbon, the page title is 'C4- ESD Performance Standard'. There are 0 replies and 0 likes. A comment by Frederic SALIMI is visible, dated 5 hours ago. The comment text is: 'Did you update Safety Concept. Attached C4-Perfarmce shows safety concept on HOLD. [Performance Standards ESD Rev0.doc](#)'. Below the comment is a text box with the placeholder text 'Please find attached my comments' and a 'Reply' button.

# ESD Performance Standard Rev01

The screenshot shows a SharePoint site for EPC365.com. The page title is "C4: EMERGENCY SHUTDOWN (ESD) SYSTEM". Below the title, there is a discussion thread titled "C4- ESD Performance Standard". The thread shows a post by Frederic SALIMI, who asks if the Safety Concept attached C4-Performance shows safety concept on HOLD. He mentions "Performance Standards ESD Rev0.doc". Below this, there is a reply from PMC OilPro, who says "Please find attached Performance Standards ESD Rev1.doc" and "ached my comments". The thread has 1 reply and 0 likes. The page also shows a search bar and various navigation links.

*Add admin@epc365 in the group*

The screenshot shows a web browser window with multiple tabs open, including 'Zirak - Hu', 'EPC365 -', 'Yammer:', and several 'You have' tabs. The address bar shows the URL: [https://www.yammer.com/epc365.com/#/threads/inGroup?type=in\\_group&feedId=11456846&view=all](https://www.yammer.com/epc365.com/#/threads/inGroup?type=in_group&feedId=11456846&view=all). The Yammer interface is visible, with a sidebar on the left showing 'EPC365.COM GROUPS' and 'EXTERNAL GROUPS'. A modal dialog box titled 'Add Members to This Group' is open in the center. It contains a search bar with the text 'admin@epc365.com'. Below the search bar, it says 'GROUP MEMBERS' and 'Sorry, we couldn't find that group member'. Under 'SUGGESTED PEOPLE FOR THIS GROUP', there is a single entry for 'admin' with a blue 'Add To Group' button next to it. A message at the bottom of the dialog states: 'If you've invited people to this group who haven't used Yammer yet, they won't appear in this list until they activate their Yammer account.' On the right side of the screen, a 'MEMBERS' list is partially visible, showing 'Demo EPC365 ICT Helpdesk' and 'Frederic Salimi Director'.

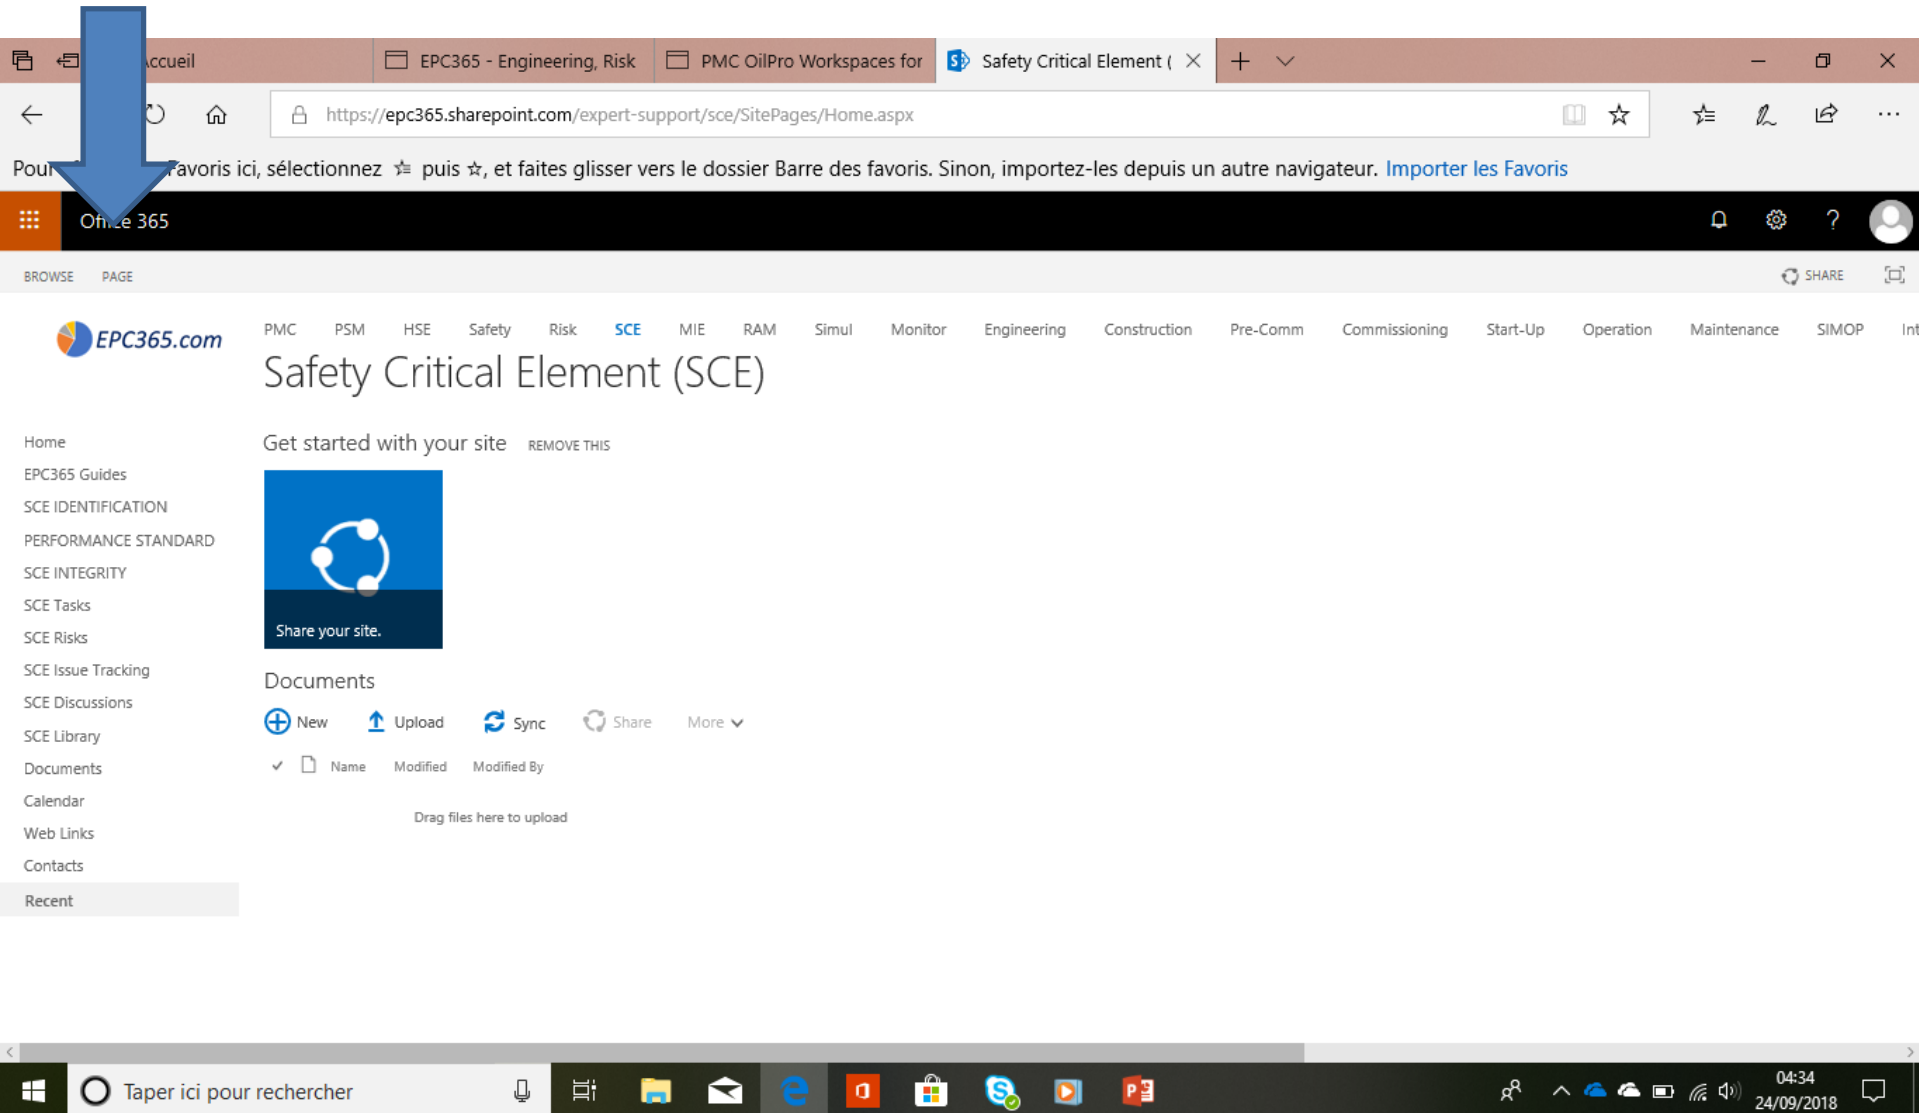

## *Invite Company, Contractors, Vendors and Authority*

The screenshot displays the EPC365.com web application interface. A large blue arrow points from the title "Invite Company, Contractors, Vendors and Authority" to the "INVITE" button in the left sidebar. The main content area shows the "SCE INTEGRITY PROJECT IN ALGERIA" group page, which is marked as "EXTERNAL" and "Joined". The page includes a search bar, a list of group members (2), and a section for posting updates, polls, or praise. The bottom of the page features a taskbar with various application icons.

# Change your password

The screenshot displays the 'Mon compte' (My account) interface of the EPC365 project monitor. A large blue arrow points from the 'Change your password' text to the 'Sécurité et confidentialité' (Security and confidentiality) option in the left sidebar. The page shows sections for Abonnements, Sécurité et confidentialité, Autorisations des appli..., and État de l'installation.

**Abonnements**  
Vérifiez les produits et les licences dont vous disposez.  
Afficher les abonnements

**Sécurité et confidentialité...**  
Protégez votre compte et personnalisez les paramètres de confidentialité importants.  
Gérer la sécurité et la confidentialité

**Autorisations des appli...**  
Applications ayant accès à vos données : 20  
Gérez les applications qui ont accès à vos données. Vous pouvez révoquer l'autorisation à tout moment.  
Modifier les autorisations des applications

**État de l'installation**  
Installations détectées : 0  
Vous pouvez installer Office sur un maximum de 5 PC ou Mac, sur 5 tablettes et 5 smartphones.  
Gérer les installations
