After you have faith and divine providence, living like someone valued by God, and satisfaction guaranteed, and you don't mind waiting?

How do you wait?

Waiting"- Is sometimes hard to do and its in those moments we realize we are short on patience. As children of God, it sometimes becomes even more frustrating when we must wait for something we have been praying for because God the Father has tremendous patience and it's a characteristic he wants each of us to develop. Waiting can be our friend, or it can be our foe, it can be positive or negative, it can be joyous, or it can be full of sorrow; ultimately the choice is yours.

So let's explore some scriptures on how we should wait.

Isaiah 40:31

Psalms 37:7

Proverbs 3: 5-6

Galations 22-23

II Peter 3:91
