
Private Cake Decorating Class - Buttercream

\$350 – 4-4.5 HOURS

In this class we will be up close and personal as there is a maximum of 1 student. This affords the instructor the ability to provide one on one instruction and attention to the student. Student will select design and work with frosting and cakes that have been prepared by the studio in advance. Student will torte, fill, crumb coat and frost their cakes. I will explain and demonstrate how to measure, dowel and stack the cake so that it is level. We will frost the cake(s) with desired pattern, a smooth top, sharp edges and florals or other décor needed. Student will leave with a ready to eat masterpiece.

Some of the points we will teach you:

- How to level, stack, and smooth tiers
- How to internally structure your cake tiers properly
- Learn how different filling options can be used in your cakes without affecting structure
- How to achieve a color effect
- How to stack and reinforce your cake tiers
- How to add details, shading and metallic accents
- How to design your floral arrangements directly onto your cake to complete the look

We look forward to teaching you these great skills, that can be used at every event you have from here on out and can be modified to make other designs and can even be used on cake!
