

Lash Essentials

Here's a list of essential supplies you'll need:

1. **Lash Extensions:** A variety of lash extensions in different lengths, curls, and thicknesses to cater to diverse client preferences.
2. **Adhesive:** Professional-grade lash glue to ensure secure attachment. Consider having different types for varying humidity levels.
3. **Primer and Cleanser:** Products to clean and prepare natural lashes before application for better adhesion.
4. **Remover:** A gentle remover for safely dissolving adhesive when removing lash extensions.
5. **Tweezers:** High-quality isolation and application tweezers with different tip shapes for precision work.
6. **Lash Brushes:** Disposable spoolie brushes for combing through the lashes during and after application.
7. **Eye Pads and Tape:** Gel pads and medical-grade tape to secure lower lashes and protect the skin during the procedure.
8. **Nano Mister:** A device to help cure the adhesive quickly and reduce the chance of irritation.
9. **Lash Tile or Palette:** A surface to organize and hold lash extensions while working.
10. **LED Light or Lamp:** Proper lighting to ensure visibility and precision during application.
11. **Hygiene Supplies:** Hand sanitizer, disposable masks, and gloves to maintain a sterile work environment.
12. **Aftercare Kits:** Instructions and products like lash cleanser and sealer to help clients maintain their extensions.

Having these supplies on hand will ensure that you can perform lash extension applications safely and efficiently, while also meeting your clients' needs and maintaining professional standards.
