

BOBBY V

Multi-Platinum Grammy Nominated Artist & CEO of Veltree Music Group (VMG)

Bobby V (formerly Valentino) had a long career that includes works with the likes of Ludacris, Gucci Mane, Future, Meek Mill, Nicki Minaj, Lil' Wayne, K. Michelle, Timbaland and many more. His career also includes nominations for NAACP Image, Vibe and two Soul Train Music awards, winning a BMI and Urban Music Award.

With classic hits like Slow Down, Anonymous, Mrs. Officer, Beep Beep and Pimpin All Over the World; Bobby V has maintained and continues to create longevity in this ever changing music industry. These nostalgic hits made Bobby V an easy choice for the sold out Millennium Tour 2019. The tour had a wide variety of fans going wild and started a millennial movement. Then, in 2020 he went on a solo 25 city RnB Addiction Tour.
