The goal of this exercise is to increase awareness of what really matters to you by identifying your top five life values. Values are the answer to the questions: What's important to you in your life? What is your life's purpose? What do you enjoy doing? When do you feel satisfied and fulfilled? Being aware of your values by answering the above questions will help you navigate your life in the direction that you choose. You have the potential to live the life of your dreams, but how do you do this without looking inward? Understanding our own core values helps guide us towards our passions and desires. Please complete the five steps below.
