

## FEBRUARY 2024

Happy New Year! 2024 promises to be a roller coaster of a ride, so fasten your seatbelt and prepare for a few surprises. Here's what is going on at COIFFE. We are deeply thankful for your support!

### **COIFFE HIGHLIGHTS/NEWS**

- ◆ We kicked off the new year with our first meeting focused on a re-focusing initiative. If you missed the January 15<sup>th</sup> meeting, there was a presentation and open forum. Check the SharePoint site (contact [Bill Lehman](#) if you need access permissions) under the "Task Force\_1\_Voter Roll/ Training" folder for the video, audio, and PowerPoint (PDF) files.
- ◆ Task Force: Colorado Data Team members continue building SQL scripts to process data in the PostgreSQL database to generate several key metrics about questionable or inaccurate data items in the Colorado Voter Roll. This effort seeks to create a scorecard aligned with other states' scorecards to support the national organization, United Sovereign Americans (Marly Hornik).
- ◆ COIFFE is excited to announce a coalition of volunteers forming "County Task Forces" throughout Colorado. A COIFFE volunteer has stepped forward to lead Larimer County! If you are interested in leading or co-leading a task force for your county, please contact [Marc Gitlitz](#) for further details.
- ◆ A COIFFE volunteer (who is a lawyer) is combing through the [CO Statutes](#) with various key words related to elections (e.g. "custody", "confidentiality", "cure", "inactive", and "undeliverable") in an effort to help us all better understand CO election law. We are very appreciative of our volunteers!
- ◆ If you are interested in writing an article on local Task Force activities and results for our [COIFFE website](#), please submit your draft to our "Contact" email address above.
