### Testimonies:

“Dr. John Lukyamuzyi has a fantastic message to share with all Americans that will motivate anyone to appreciate the wonderful land we live in. He was born in Uganda and he has a tremendous story to share that will motivate any audience to be grateful for the freedom many of us take for granted. It is my privilege to have been inspired by his presentation to our members. Any company, organization or group who hears John will be encouraged to “TURN ADVERSITY INTO TRIUMPH AND MOVE TO THE NEXT HIGHER LEVEL.”

-B. “Coach” Roach, Washington State

I am continually amazed at how Dr. John can inspire lack luster, worn out, or broken people to take on new and awesome challenges for growth and personal change...He reaches people “where they live,” and then motivates them to reach for new levels of performance and success.

-R. Sonnesyn, Minnesota
