**RHS - SMALL BATCH CRAFT PRODUCTION**  
RHS Pineapple Spirit is based on the recipe of Uncle Karl, this liqueur recipe is so unique because it is very simple. Formulated on the principle of making famous European Slivowitz (Plum Spirit), Uncle Karl took fresh juices from Hawaiian pineapple, fermented it into wine by adding just the right amount of cane sugar. Then the fresh pineapple wine is very slowly distilled over a 3 plate column still. By adding a little of the cane sugar to the pineapple juice, Uncle Karl not only took away the natural harshness of pineapple spirits, but added smoothness and lightness to the final Pineapple Spirit.

Best Use: As is, over rocks, with mineral water, mixed with pineapple juice, in many glorious cocktails, aged as brandy, etc.

IT IS UP TO YOUR IMAGINATION.

Aloha & Mahalo!
