2. Will not award premiums to any exhibit improperly named.
3. Are not to be exhibitors or invested in the department in which they are awarded premiums.
4. Will exclude exhibitors during examination and awarding of premiums.
5. Will not award premiums on exhibits of exceedingly small worth.
6. Will record their names after a list of awards in the Secretary's book.

Premiums

The Directors of the Neversink Agricultural Society reserve the right to give special premiums where in their judgement the merit of the exhibit warrants it. Premium awards will be available at exhibit pick-up. All premiums not called for by Jan 1st after the annual fair shall be forfeited to the Society.

Youth Fair Eligibility

Exhibits are open to youth meeting requirements set forth by the two accepted certifying agencies: 4-H Program of Cornell Cooperative Extension and the Agricultural Education/National FFA Organization (i.e.: age, membership, ownership, specific class requirements, etc.)

Please refer to the Youth Fair Book or contact the 4-H Secretary to determine when entries may be brought to the Fairgrounds. Dogs should be brought at the time they are to be exhibited. Youth Fair Rules and Regulations Premium Books may be obtained by contacting the 4-H Office at (845)292-6180.

Legal Protection

Laws relating to the Agricultural Societies and the power vested in the General Superintendent and Board of Managers. **Chapter 112, Section 31** — Other illegal sales and selling - (d) within 200 yards of the grounds or premises upon which any state, county, town, or other agricultural or horticultural fair is being held unless such grounds or premises are within the limits of a city containing one hundred and fifty thousand inhabitants or more.

Laws of 1892, Chapter 284 — ANACT in relation to Agricultural and Horticultural Associations. **Section 1** - In addition to the powers not vested by statute in the Board of Managers of any Agricultural or Horticultural Association, the officers of such association shall have the power to regulate and prevent all kinds of theatrical, circus, and mountebank exhibitions and shows, as well as huckstering, or traffic of fruits, goods, wares, and merchandise of whatever description for gain of the fair days and within a distance of two hundred yards of the fairgrounds of said association, if in the opinion of said officers the same shall obstruct or in any way interfere with the free and uninterrupted use of the highways around and approaching

Cornell Cooperative Extension of Sullivan County and the Neversink Agricultural Society assumes no responsibility in case of loss or damage to exhibits. All exhibits in the department must be owned or managed by exhibitors and must have been made or grown in the present year. Health and registration papers for all Youth Fair livestock must accompany the animal to the fair.

For complete information regarding Youth Fair entries, please call the Sullivan County 4-H Office at (845)292-6180 or write to CCE:

Ferndale-Loomis Road Liberty NY, 12754

Open class entry blanks may be found in this book and health and registration papers will be required upon arrival at the livestock barn.

Housing For Animal Exhibits

1. Open class livestock exhibits will be given housing in the barns as determined by the superintendent of livestock and with the 4-H agent. Reservations will be accepted by the Secretary of the Neversink Agricultural Society with an entry form.
2. All animals housed in barns supervised by the General Superintendents are subject to all rules and regulations pertaining to housing set forth in the Youth Fair premium book and in Part 351 of the NYS Agriculture and Markets Livestock Health Requirements.
3. The General Superintendent of the Youth Fair/Neversink Agricultural Society along with the NYS Agricultural and Markets Inspector will have full enforcement duties in the barn areas. All persons using these areas will be subject to the rules as mentioned and will be held accountable to these persons.

such fairgrounds; and be under the same control of the officers of said association within that space; and the same fines and penalties shall be incurred for any violation of the rules and regulations of said officers of any such association, within two hundred yards of the fairgrounds as is now by law incurred for any violation of the rules and regulation within the grounds of any such association. No booths or tents for show or exhibition or for sale of refreshments or victuals, or for any other purpose, shall be erected within two hundred yards of the fairgrounds. Any person violating the regulations will be arrested and prosecuted according to the above statute.

Laws of 1893, Chapter 603 — An Act to amend Chapter 36 of the Laws of 1859 entitled, "An ACT to Entitle Agricultural Societies to Extend More Perfect Protection to Their Property and Property of Exhibitors at Fairs, and to Allow the Board of Managers to Appoint a Police for That Purpose." **Section 1** — Chapter 36 of the Laws of 1859 is hereby amended as to read as follows:

1. The Board of Managers or executive committee of any agricultural and horticultural society of the state is hereby authorized to appoint as many citizens as this state, policemen, as shall be necessary for their exhibition,

whose duty it shall be to preserve order within the grounds of said society, to protect the property within such grounds, eject all persons who shall be improperly within the grounds of said society, who shall neglect or refuse to pay the fee or observe the rules prescribed by the society. Said policemen shall have the same power during the time said exhibition shall continue that a constable may have, by law, in serving criminal process and making arrests.

2. Any justice of the peace of the county in which said grounds are situated may, while on said grounds, hold court of special session having the same duties, power and jurisdiction of offenses committed on said grounds and within two hundred yards beyond the boundaries thereof as is held by a court of special sessions of a town of said county over offenses committed in that town.
3. All fines and penalties received by a justice of the peace under the provision of the foregoing section shall before the close of the fair and exhibition at which the same shall be received, be handed over by him to said society for its use and benefit together with a report in writing of all proceedings had by him during said fair and exhibition; said report shall be in all respects the same as the annual account rendered for criminal proceedings by a justice of the peace of a town to the board of town auditors thereof and he shall receive as his compensation thereof for his legal fees out of the treasury of said society.
4. The justice shall include in his annual report to the board the offenses committed and the proceedings had, and the disposition made by him of all said fines and penalties.
5. The justice shall enter in his regular criminal docket, and used by him in said town, the full proceedings of all matters coming before him under his act, stating each case separately; and the record of said full proceedings shall be kept open for public inspection on said grounds during fair exhibition.

Penal Code, Section 416 – Any Person who wrongfully and fraudulently enters any agricultural fairgrounds without paying the entrance fee is guilty of a misdemeanor.

--Horses, Cattle, Sheep, Goats, Swine, Llamas and Alpacas, Poultry, Deer/Elk, Miscellaneous Ruminants

A. General Prohibitions and Requirements

- No person shall bring or have present an animal on the fairgrounds for any reason (show, exhibit, raffle, demonstration, display) during a fair which is not qualified under NYS regulations.
- Any animal which is subject to inspection upon entry to the fairgrounds will be inspected without covering (wraps, coats, head gear, etc.).
- No person shall present an interstate or intrastate certificate of veterinary inspection that has been altered by anyone other than the issuing veterinarian.
- Animals demonstrating clinical signs or other evidence of infectious, contagious, or communicable diseases shall not be allowed on the fairgrounds during a fair.
- Representatives of the Commissioner may deny admission to, or require removal from, the fair premises or require the segregation of any animal showing signs of, or exposed to, any infectious, contagious, or communicable disease.
- The fair board of directors has the authority to reject unworthy or unsightly exhibits for reasons other than infectious, contagious, or communicable disease (Part 350.10). The state veterinarian or animal health inspector will bring questionable exhibits to the attention of the fair board.
- All animals presented that originate from a location other than New York shall meet all New York State importation regulations in addition to the fair animal health requirements.

B. Certificates of Veterinary Inspection (CVI)

- The CVI must be issued by a USDA Category 2 accredited veterinarian. Wet ink signatures for paper CVIs or e-signature for eCVIs are accepted.
- An e-CVI may be issued but a paper copy of the e-CVI is required for the animal check-in process so it can be physically initialed and dated by department staff.
- All animals must be officially identified. All manmade and official ID must be recorded.
- Only one species is allowed per CVI.

NEW YORK STATE-ORIGIN ANIMALS:

- ☐ A valid intrastate CVI (AI-61) is required for cattle, sheep, goats, swine, llamas, alpacas, deer and miscellaneous ruminants.
- ☐ The CVI must be issued on or after May 1st of the current year.

OUT-OF-STATE ANIMALS:

- ☐ All animals entering New York State must satisfy both import requirements and fair requirements for that species and be accompanied by a valid interstate CVI.
- ☐ The interstate CVI is valid for 30 days from the date of CVI inspection. During the New York fair season (July 1 through Labor Day) valid CVIs can be used multiple times for entrance into a qualifying NYS Agricultural Fair (linked here) (<https://www.nyfairs.org/>) The initial entrance into a (qualifying NYS Agricultural Fair) must be within 30 days of the date of CVI inspection. The name of the fair must be recorded on the CVI. For the CVI to be used for a later fair, it must be dated and initialed by a NYS Agriculture and Markets official noting the location of the initial, qualifying NYS Agricultural Fair. A change in health

status or eligibility of an animal necessitates the generation of a new CVI.

□ New York does not participate in the New England Exhibition Show and Fair Circuit.

- ☐ Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971, or at the division's import/export homepage:

<https://agriculture.ny.gov/animals/animal-import-export>

C. Animal Identification

- All manmade and official ID must be recorded. Record full ID tag numbers.
- Do not record ID that is yet to be applied to / within an animal.
- Cattle: All cattle must be identified by an official USDA radio frequency identification (RFID) eartag, commonly referred to as an "840 RFID tag" or equivalent official RFID tag if the animal was tagged in another country.
- Sheep and Goats: All small ruminants must be identified by official scrapie identification.
- Swine: Swine must be identified by an official USDA approved ear tag. Radio frequency identification (RFID) ear tags, commonly referred to as "840 RFID tags," are strongly recommended.
- Equids: A complete written description is sufficient identification for horses entering New York accompanied by a CVI. The description must match the EIA test record. Horse sketches/photos and descriptions should reference color pattern, hair whorls, chestnuts, scars, and other markings as necessary to uniquely identify the horse. Names, tattoos and microchips, if any, are to be recorded. "Bay, no markings" is not an acceptable description for a CVI or EIA test record.
- Llamas and Alpacas: New world camelids must be identified by official ear tag or microchip.
- Miscellaneous Ruminants: They must be identified by unique ear tag or microchip (i.e.: aoudad, antelope, chamois)
- If you are exhibiting animals identified by microchip, a working reader must be supplied by the exhibitor. For questions on animal identification please contact your veterinarian or our office at 518-457-3502.

D. Rabies Vaccination

- Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair.
 - o For most rabies vaccines, the earliest age allowable for primary vaccination is 3 months (12 weeks). Animals that are vaccinated prior to 84 days of age will need to be re-vaccinated according to label before entering the fairgrounds.
- Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian).
- The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.
- Individual fairs can require animals for which there is no approved rabies vaccine to be vaccinated for rabies. The requirements outlined above would apply. The fair is responsible for notifying exhibitors.

- The New York State Fair requires rabies vaccination for all livestock species entering the grounds.

E. Acceptable Proof of Rabies Vaccination

- Acceptable proof of rabies vaccination must include a signed written statement from the veterinarian administering the vaccine to said described animal(s) or a valid certificate of veterinary inspection that has the vaccination listed and is signed by the Category 2 accredited veterinarian.
- Acceptable proof of rabies vaccination must include the name of the product used, the date of administration, and the duration of immunity if longer than one year (applies to sheep only).
- If the statement of rabies vaccination is included on a paper EIA test record, the test record must be signed certifying the vaccination in addition to the required signature for the EIA test record.
- If the statement of rabies vaccination is electronically entered into an eEIA test record, only one electronic signature is required.
- Rabies titers are not acceptable proof of rabies protection and cannot be used to meet entry requirements.
- A veterinary clinic invoice is not sufficient proof of rabies vaccination.
- Acceptable proof of vaccination for dogs is a valid rabies vaccination certificate or a copy of the dog license that contains the rabies vaccination information.

F. BVD-PI Testing

- All cattle, llamas, and alpacas exhibited at NY county fairs, or the New York State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). Official ID must be in the animal prior to sampling. The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, existing official identification of the animal, and recording the test date on the CVI. If a previous test or official identification is not verifiable, the test must be repeated.

G. Cleaning and Disinfection

- All buildings on the fairgrounds housing animals must be cleaned and disinfected prior to the opening of the fair and between groups of animals when housing is rotated (Section 50.2 of Agriculture and Market regulations).

H. Animal Deaths

- Occasionally animal deaths occur at a fair. If a death occurs, it must be reported to the state veterinarian in charge as soon as possible for review. The animal must be promptly removed from the public exhibit area to a secure location and held for the veterinarian prior to disposal.

I. Calving, Kidding, and Lambing

- Any cattle, goats, or sheep that calve, kid, or lamb while at a county fair or the State Fair will be ordered removed from the fairgrounds along with their offspring, unless the animals are part of a birthing demonstration.

J. Commingling of Sheep and Cattle

- Due to the potential spread of malignant catarrhal fever from sheep to cattle, it is strongly recommended that cattle be kept separate from sheep.

K. Commingling of Swine and Poultry

- Due to the potential spread of influenza virus, it is recommended that swine and poultry be housed in separate locations.

L. Isolation upon Returning Home

- The owner or custodian shall keep show animals biologically separate from the herd or flock for a period of at least two weeks after returning to the premises of origin. If any illness is noted in the exhibition animals, the owner should contact their veterinarian immediately.

M. Individual Species Requirements

- Beginning in 2026, each species has its own entry requirements listed based on if animals originated from within New York or from out of state.

HORSES

NEW YORK STATE-ORIGIN HORSES:

1. No CVI required.
2. Negative Equine Infectious Anemia (EIA) test is required for all horses 6 months of age or older. The horse must be accompanied by a valid negative EIA test record, signed by a USDA Category 2 accredited veterinarian. The sample collection date for the qualifying EIA test must have been on or after January 1, 2025, for New York origin horses. The EIA test certificate must include a complete description and identification of the horse. Horse sketches/photos and descriptions should reference color pattern, hair whorls, chestnuts, scars, and other markings as necessary to uniquely identify the horse. Names, tattoos and microchips, if any, are to be recorded. "Bay, no markings" is not an acceptable description for a CVI or EIA test record.
3. Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair. For most rabies vaccines, the earliest age allowable for primary vaccination is 3 months (12 weeks). The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate. The New York State Fair requires rabies vaccination for all livestock species entering the grounds.
4. See Section F for "Acceptable Proof of Rabies Vaccination."

OUT-OF-STATE HORSES:

1. Certificate of Veterinary Inspection (CVI) is required for out-of-state horses. All animals entering New York State must satisfy both import requirements and fair requirements for that species and be accompanied by a valid interstate CVI. The interstate CVI is valid for 30 days from the date of CVI inspection. During the New York fair season (July 1 through Labor Day) valid CVIs can be used multiple times for entrance into a qualifying NYS Agricultural Fair ([linked here](#))

(<https://www.nyfairs.org/>) The initial entrance into a qualifying NYS Agricultural Fair must be within 30 days of the date of CVI inspection. The name of the fair must be recorded on the CVI. For the CVI to be used for a later fair, it must be dated and initialed by a NYS Agriculture and Markets official noting the location of the initial, qualifying NYS Agricultural Fair. A change in health status or eligibility of an animal necessitates the generation of a new CVI. New York does not participate in the New England Exhibition Show and Fair Circuit. The New York State Fair requires rabies vaccination for all livestock species entering the grounds.

4. See Section F for "Acceptable Proof of Rabies Vaccination."

CATTLE

NEW YORK STATE-ORIGIN CATTLE:

1. A valid intrastate CVI (AI-61) is required. The CVI must be issued on or after May 1st of the current year.

2. All cattle have official identification. All cattle must be identified by an official USDA radio frequency identification (RFID) eartag, commonly referred to as an "840 RFID tag" or equivalent official RFID tag if the animal was tagged in another country.

3. Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair. species entering the grounds. See Section F for "Acceptable Proof of Rabies Vaccination."

4. All cattle exhibited at NY county fairs, or the New York State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). Official ID must be in the animal prior to sampling. The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, existing official identification of the animal, and recording the test date on the CVI. If a previous test or official identification is not verifiable, the test must be repeated.

5. All cattle must be vaccinated against bovine respiratory disease complex including bovine respiratory syncytial virus, bovine virus diarrhea, infectious bovine rhinotracheitis and parainfluenza with an age appropriate- product administered in a manner and time frame adequate to confer protective immunity for these diseases for the duration of the fair. The date and vaccine product must be documented.

OUT-OF-STATE CATTLE:

1. Certificate of Veterinary Inspection (CVI) is required for out-of-state cattle. All animals entering New York State must satisfy both import requirements and fair requirements for that species and be accompanied by a valid interstate CVI. The interstate CVI is valid for 30 days from the date of CVI inspection. During the New York fair season (July 1 through Labor Day) valid CVIs can be used multiple times for entrance into a qualifying NYS Agricultural Fair (linked here) (<https://www.nyfairs.org/>) The initial entrance into a qualifying NYS Agricultural Fair must be within 30 days of the date of CVI inspection. The name of the fair must be recorded on the CVI. For the CVI to be used for a later fair, it must be dated and initialed by a NYS Agriculture and Markets official noting the location of the initial, qualifying NYS Agricultural Fair. A change in health status or eligibility of an animal necessitates the generation of a new CVI. New York does not participate in the New England Exhibition Show and Fair Circuit. Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971, or at the division's import/export homepage:

<https://agriculture.ny.gov/animals/animal-import-export>.

2. All cattle have official identification. All cattle must be identified by an official USDA radio frequency identification (RFID) eartag, commonly referred to as an "840 RFID tag" or equivalent official RFID tag if the animal was tagged in another country.

3. Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair. For most rabies vaccines, the earliest age allowable for primary vaccination is 3 months (12 weeks). Animals that are vaccinated prior to 84 days of age will need to be re-vaccinated according to label before entering the fairgrounds. Vaccine must have been administered within the past 12 months. The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate. The New York State Fair requires rabies vaccination for all livestock species entering the grounds. See Section F for "Acceptable Proof of Rabies Vaccination."

4. All cattle exhibited at NY county fairs, or the New York State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). Official ID must be in the animal prior to sampling. The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, existing official identification of the animal, and recording the test date on the CVI. If a previous test or official identification is not verifiable, the test must be repeated.

5. All cattle must be vaccinated against bovine respiratory disease complex including bovine respiratory syncytial virus, bovine virus diarrhea, infectious bovine rhinotracheitis and parainfluenza with an age appropriate-product administered in a manner and time frame adequate to confer protective immunity for these diseases for the duration of the fair. The date and the vaccine product should be documented.

SHEEP

NEW YORK STATE-ORIGIN SHEEP:

1. A valid intrastate CVI (AI-61) is required. o The CVI must be issued on or after May 1st of the current year. The CVI must contain a written statement from the issuing Category 2 accredited veterinarian that the flock of origin was inspected after May 1st of the current year and no evidence of contagious, infectious, or communicable diseases was found.

o If evidence of sore mouth (contagious ecthyma) is found on any sheep, the entire exhibit including the affected animals (and any small ruminants from any other flock on the same conveyance to the fairgrounds) shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

2. All animals are individually identified with USDA approved scrapie identification. Identification must be one of the following: 1) USDA approved tags or 2) a legible USDA approved registration tattoo or 3) a legible USDA approved flock tattoo and individual animal ID number or 4) electronic implant device (microchip) if the sheep is enrolled in the Scrapie Flock Certification Program, and/or the electronic implant ID is recorded on the sheep's registration paper. For information on scrapie ID, contact USDA at 1-866-USDA-TAG (1-866-873-2824). If you are exhibiting animals identified by microchip, a working reader must be supplied by the exhibitor.

3. Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair. For most rabies vaccines, the earliest age allowable for primary vaccination is 3 months (12 weeks). Animals that are vaccinated prior to 84 days of age will need to be re-vaccinated according to label before entering the fairgrounds. Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian). The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate. The New York State Fair requires rabies vaccination for all livestock species entering the grounds. See Section F for "Acceptable Proof of Rabies Vaccination."

OUT-OF-STATE SHEEP:

1. Certificate of Veterinary Inspection (CVI) is required for out-of-state sheep. All animals entering New York State must satisfy both import requirements and fair requirements for that species and be accompanied by a valid interstate CVI. The interstate CVI is valid for 30 days from the date of CVI inspection. During the New York fair season (July 1 through Labor Day) valid CVIs can be used multiple times for entrance into a qualifying NYS Agricultural Fair (linked here) (<https://www.nyfairs.org/>) The initial entrance into a qualifying NYS Agricultural Fair must be within 30 days of the date of CVI inspection. \$50 Best of Show Prize will be awarded
Maximum Premium Money: \$250
(may be adjusted due to the number of entries)
Ribbons: Blue/Red/White

1. Entries should be packaged in a clear wrapper with your entry tag securely attached. Recipes must accompany all entries, including canned foods. These recipes must be typed or written in ink on a 3" x 5" card. Entries containing any foreign object, i.e. hair, will be automatically disqualified. All canned and dried goods must have been preserved within one year.
2. All entry forms for the fair must be postmarked no later than August 1st. Entries may be brought to the fairgrounds on Wednesday from 5:00 pm - 8:00 pm and Thursday from 9:30 am - 4:30 pm. Judging will begin at 5pm on Thursday. Any item brought in after judging has started will not be accepted.

3. There are no age restrictions for this department. All entries will be judged at the adult level.

Exhibit Rules for Cakes

Except for a cake requiring a special pan, such as angel food, chiffon, or cakes decorated for a special occasion, exhibit cake should be baked in a shallow 8" x 8" x 2" or 9" loaf cake pan – 9/12" x 5" x 3". Cakes must be out of the baking pan. Cakes should have a neat appearance, texture consistent with recipe and ingredients used, flavor well blended and pleasant to taste.

Exhibit Rules for Pies

Crust should be golden brown, flaky and crisp eating, cut easily with a fork or knife but holds shape when served, with a pleasant flavor. Fruit fillings should be whole fruit or pieces suited to fruit used. Texture should be tender, but able to hold shape. Flavor should be characteristic of fruit used. No starchy taste. Soft fillings should have a smooth, well-blended consistency, hold shape when served, pleasant flavor characteristic of ingredients.

Exhibit Rules for Cookies (enter 6 cookies)

Cookies should be of even thickness. Drop cookies should be free from thin edges or spreading and dropped from a spoon and not pressed. All cookies should be free from excess flour on the outside and delicately browned unless the recipe states otherwise. Flavor should be free from the excessive taste of spice, flavoring, molasses or other sweetening. Texture depends on the type of cookies. Thin-rolled cooked or refrigerator cookies should be crisp. Others should be fine, even grain, and somewhat moist. All cookies should be tender. Bar cookies may be soft or chewy or cake-like inside.

Exhibit Rules for Breads

Breads should be baked in a single loaf container about 9" x 5" x 3" or shaped as recommended in recipe. Yeast breads should have uniform golden crust, smooth well-rounded top, slice easily and hold shape. The texture should be moderately fine, even grained and free from large air bubbles. The flavor should be pleasant, well baked, bland and nut-like in taste. Quick bread should be even or slightly rounded, golden brown crust, equally light throughout. The texture should be fine, even grain, not crumbly, Flavor should be characteristic of ingredients. Any nuts or fruits should be evenly distributed.

Exhibit Rules for Home Canned Foods

All canned foods must be processed in standard clear-glass canning jars with self-sealing, two pieced lids. Jars must have a vacuum seal. Size of canning jar and product must meet USDA Guidelines. Jars must be labeled with contents, type of processing (boiling/ pressure), time of process and altitude adjustment. Time and method of process should agree with USDA/PNW recommendations. Appropriate headspace requirements must be followed:

Fruits: ½ inch Vegetables: ½ to 1 inch
Pickles: ½ inch Jams and Jellies: ¼ inch

Exhibit Rules for Maple Syrup Products

All maple products must be pure maple, at least 12 oz jars. Maple syrup will be judged on color (grade standard), clarity (properly filtered), density (weight standard), flavor and odor. Grades: US Grade A Light Amber, US Grade A Medium Amber, US Grade A Dark Amber.

The undersigned hereby acknowledges that she/he is fully aware that participation in a horse show or other equine event involves inherent risk of injury due to the behavior of the animals involved and natural conditions. The undersigned hereby waives the right to institute a lawsuit for damages against or to recover damages from the Neversink Agricultural Society based on any injury that occurs due to such inherent risk. The undersigned also affirms that she/he is solely responsible for choosing and maintaining the horse and equipment that the undersigned uses and that the undersigned waives any claim for damages against the Neversink Agricultural Society based on an injury due to the behavior of any animal that participates in a horse show sponsored by the Neversink Agricultural Society due to any equipment failure or defect. The undersigned further acknowledges Neversink Agricultural Society is not responsible for the conduct of other participants in such horse show and their animals and hereby waives any claim for damages against Neversink Agricultural Society based on injury due to contact of another participant in each event or other participant's animal.

RELEASE: I make these entries at my own risk and subject to the rules of this Show and I agree for myself and my representative to be bound hereby.
