To Whom It May Concern:

This letter serves as a reference for Frank Anderson of Tri State Recovery.

Frank has been doing our repossession work for a year and is by far the best repo person we have had in my eleven years experience at Dupaco. He has found EVERY vehicle we have assigned to him. Frank is very knowledgeable of the Repossession laws applicable to him as our agent. He has taken the worry out of my responsibilities in that part of my job.

Tri State Recovery has provided me with a copy of his insurance, is reasonable in his prices and has excellent references. The companies that have used him are very satisfied with the results he provides.

If you have questions, please contact me at the number below.
