RE: Tri-State Recovery owner Frank Anderson

The Post Office Credit Union has used the services of Tri-State Recovery over the last nine months. While we have only had to use Frank's services four times, he handled all of repossessions very professionally and we had all the vehicles within a couple of days after our requests to Frank for his service. His fees are in line with others, and he responded very quickly to our requests. We will continue to use Frank for our repossessions.

I would recommend Tri-State Recovery to any bank or credit union that has need of his services.

  
Arnold Evensen, Collection Manager
