

# YUSUF HASHIM

Well Control Instructor  
&  
Drilling Supervisor

## INSTRUCTOR EXPERIENCE

Certified IWCF Well Control & IADC WellSHARP Instructor teaching both Drilling Well Control & Well Intervention Pressure Control for Level 2, Level 3 & Level 4.

Certified IWCF Practical Assessor using drilling simulator DS5000, DS500, DS50 and DS20 from Drilling System.

Has trained & coached over 1500 personnel globally for accredited & non-accredited courses such as:

- IWCF Drilling Well Control Level 3/4 course in Aberdeen (UK), Ahwaz (Iran), Kuala Lumpur (Malaysia), Bandung (Indonesia).
- IWCF Well Intervention Pressure Control Level 3/4 course in various locations, Malaysia.
- IADC WellSharp Supervisor course in Kuala Lumpur (Malaysia).
- Stuck Pipe Prevention & Fishing for Drillers & Toolpushers onboard rig West Capella (Seadrill).
- Well Control Drilling Level 2 IWCF in Ahwaz, Iran.
- Well Integrity Course for Petrofac (Malaysia) and Petronas Carigali Sdn. Bhd.
- Well Integrity Course for Tullow Oil, Ghana, West Africa.
- Well Integrity Course for Oil India Limited in Duliajan, Assam, India.
- Drilling for Non-Driller Course for Velesto Drilling Academy over in Training Rig NAGA-100, Batu Rakit, Terengganu, Malaysia.

Co-developed Advanced Well Control Course simulation with Aberdeen Drilling International (M) Sdn. Bhd.

## INSTRUCTOR HANDS-ON FIELD EXPERIENCE

### DRILLING SUPERVISOR (CONSULTANT)

Hess E&P (Malaysia) B.V. | Apr 2022 - Present

- Supervise drilling operations, utilizing Jack-Up Rig Borr Saga & Naga 5, high quality and cost-effective HT-semi HP wells, according to approved well programs for North Malay Basin block (off Kelantan coast) drilling, casing, cementing, wireline logging, 18-3/4" 15K BOP drilling ops.
- Utilizing coiled tubing perforation, E-line perforation, well testing & unloading.

### DRILLING SUPERVISOR (CONSULTANT)

Halliburton Bayan Petroleum Sdn. Bhd. | Sep 2019 – Aug 2020

- Supervised drilling operations, utilizing Jack-Up Rig PVD2, high quality and cost-effective wells according to approved well programs for Bayan field: drilling, casing, cementing, wireline logging, BOP & diverter operations, dual completions with smart completion design.
- Involved in batch drilling of 7 development wells for Bayan, optimizing Level 3 Casing-While-Drilling (CwD) for 13-3/8" section & 9-5/8" section.

### DRILLING SUPERVISOR

Petronas Carigali Sdn Bhd | Nov 2013 – May 2016

- Supervised drilling operations, utilizing multi different rigs from Tender-Assisted Rig, Jack-Up Rig, Barge-Hydraulic Workover Unit (HWU) Rig, Semi-submersible Rig (Actinia), Deepwater Drillship (Tungsten Explorer), Land Rig (ZPEC Rig 24, IDC Rig 36) in Garaf Field, IRAQ.
- Achieved above KPI expectations, drilling high quality and cost-effective wells according to approved well programs for both exploration and development field for PETRONAS: drilling, casing, cementing, wireline logging, completions.

### DRILLING ENGINEER

Petronas Carigali Sdn Bhd | Apr 2011 – Nov 2013

- Drilling Engineer for projects around Peninsular Malaysia and East Malaysia (Sabah & Sarawak) offshore drilling. Among wells successfully drilled were:
- Drilling Engineer well D28.2 Appraisal well, offshore Sarawak.
  - Drilling Engineer well Ramunia-1, offshore Sarawak.
  - Drilling Engineer well Nosong-3, offshore Sarawak.
  - Assistant Drilling Engineer well Bunga Bakawali-2, Beranang West-1.
  - Assistant Drilling Engineer well Gambir-RDR, PMCD applied successfully to drill carbonate.
