

**16 Jan 2022: Please note that these 2021 600 Yard GBA National Results have been revised. The revisions are: One target for one shooter had not been recorded; the HG Score aggs were incorrectly calculated by the agg program (divided total scores by 8 instead of 6 for all but one shooter). As a result, there are some changes in agg placement further down the list in HG and Two Gun.**

**NOTE: there was no affect upon the winners of aggregate plaques or cash prize awards for any rifle classes. In other words, everyone got the correct plaques and the correct prize money at the match.**
