

COBA TULUM TRADICIONES MAYAS

Enjoy the perfect combination of culture and adventure, come and learn about the Mayan culture like a local.

Visit two of the most important archeological sites of the destination and travel back in time with the architecture, flora and fauna of the ancient world. Check out Tulum, the walled city right by the beach that enjoys great view of the Caribbean. Following is the journey to the refreshing crystal waters of our semi-open cenote, where a trip to the Mayan Traditions awaits: introduction to the Honey of the Mayan Bee Melipona, demonstration of the Cacao seed, and visit to the shaman whose gift to you will be the Mayan ceremony, part of his heritage. Let us pamper you with the best of the local cuisine to help you recharge your batteries; and then travel to the mythical Coba, where you will find the tallest pyramid in the peninsula.
