

# KAAN LUUM & CENOTES

Enjoy one of the Riviera Maya's hidden gems: Kaan Luum Lagoon. Its turquoise waters surrounded by mangroves are waiting to be explored.

We will travel through the jungle, where you will discover two impressive cenotes: a semi-open cenote with crystal-clear waters and a cave cenote where you can admire stalactite formations. Experience some Maya traditions through an introduction to Melipona Maya bee honey, followed by a cacao bean demonstration, and ending with a visit to a shaman in an authentic Maya ceremony. Recharge your energy at the buffet with delicious dishes from Mexican cuisine.
