

Thank you for being part of the 2026 Education Gala!

On Friday, January 16th Food Fort hosted its annual Education Gala which raises funds for the Feeding Our Future scholarship. This scholarship is available to students that have undergone some kind of hardship or low income status in their household.

Thanks to your generosity this years gala raised **\$20,850** to go toward the scholarship fund!

It is our honor to steward these scholarship funds to support youth in Lincoln that want to pursue higher education but need relationships, connections, and support along the way. We hope to stay connected and continue to share how these funds are impacting lives in big ways!

With gratitude,
The Food Fort Team
