

Lytton First Nation

Job Posting: Fuel Management Expression of Interest

Location: Lytton, BC
Department: Emergency Program
Position Type: Contract

About the Role

Lytton First Nation is seeking expressions of interest from qualified individuals and/or companies for an upcoming forest fuel reduction project in Lytton B.C. The snake flat project area is 10.9 hectares and payment for this project is piece rate (by-the-hectare) which includes the following activities: hazard tree felling, thinning, brushing, pruning and debris removal (through piling and burning). The project will start once burning conditions permit.

The expression of interest submission must include the following information:

1. **List of crew personnel:**
 - a. Crew composition must be a minimum of four (4) crew members
 - b. Must include one (1) Crew Supervisor, one (1) individual with chainsaw training and/or a certified faller, one person with a valid driver's licence and one crew member that holds a valid level one (1) First Aid certificate.
 - c. The Crew Supervisor must demonstrate previous supervisory experience and include examples of successful contract completion.
 - d. The submission package must include the resumes and current tickets for all personnel identified for the crew.
2. **Confirmation of necessary equipment, including:**
 - a. One designated crew vehicle (preferably a 4X4 truck)
 - b. 1-2 saws
 - c. Pole pruner (either power or manual)
 - d. Pruning loppers
 - e. Drip torches and/or an equivalent ignition source for pile burning.
 - f. All appropriate Personal Protective Equipment (PPE).

Preference will be given to submissions that include applicants who have previous experience in successfully completing fuel management projects on time and to expected standards.
