

Lytton First Nation

July 14, 2022

11:16 AM Friday, July 15, 2022 - Day 2

Trusted sources of information are vital to staying safe during a wildfire. We would like to request you to only post from trusted sources. During these devastating times for members, evacuated we need to be sensitive and respectful to what you are sharing.

Know the difference:

Evacuation Alert and Order if there's risk of a #BCWildfire in your area.

Evacuation Alert: It's time to get prepared to leave on short notice. Get your grab-and-go bags ready.

Evacuation Order: You are at risk. Leave the area immediately.

When you receive an Evacuation Order, keep yourself and your community safe by following it.

Choosing to remain in an area under Evacuation Order puts yourself, your family, and first responders in danger. It's not worth the risk.

ESS Centres:

Lillooet Rec Centre - 930 Main St, Lillooet

Cache Creek - location beside Fire Hall

ESS Coordinator: Bobbi Jumbo

Cell 778 254-9754

Water: Members we are running low on Stein Water System, please conserve, out at Green meadow already.

*Do not do laundry, showers, or outside taps, turnoff please! We will be working hard to get Water flowing.

Livestock: Ministry of Agriculture has been contacted and waiting for next steps for owners.
