Water:(3) Large Generators delivered to West Side. Working towards water reservoir to be replenished and operative.

Huge shout out to Dent Const. For lending us a generator, and BCWFS for flying it to our water plant! We have a generator already connected and ready to go at the main plant, thanks again to Andrew Loring of Loring Elect. and ComCom Services. This generator is going to our water plant next to Stein Creek to be connected. Again, after we get water moving again, it will be a BOIL ADVISORY until we have reliable Hydro hooked up again. Thank you for your understanding

Donations: LFN is setup and ready to accept donations.
Email: lfndonations@lfn.band

Livestock and Animals Support available: Transportation and storage of livestock

ESS Coordinator: Bobbi McKay Cell 778 254-9754
ESS Liaison: Teresa Raphael Cell 778 538 - 1186

Most people in B.C. have never experienced an active wildfire or Evacuation Order. These situations can be disorienting and confusing.

Make it less stressful by creating a home evacuation plan, making grab-and-go bags, and talking to your family, friends and neighbors.
