Re: GC Statement on Immunisation

SDA Church

Dear

In view of the request from the SDA Church, the Executive at their meeting on the 24 September 2024 took the following action:

RESOLVED To approve that we communicate to the Union Conference the following:

*In the light of the dynamic and evolving nature of peer-reviewed literature often at odds with itself and the Bible, the Conference Executive asks the Executive to move a motion:*

- a) appealing to the General Conference to retract the 2015 immunisation statement in its entirety*
- b) and refrain from making statements on behalf of the world church that have no basis in Scripture or inspired writings*

Should you require further information or clarification, please do not hesitate to contact me at

Thank you for your faithful work.

Yours sincerely,

Pr

General Secretary
