AGENDA

KANKAKEE RIVER METROPOLITAN AGENCY MEETING Thursday, October 27, 2022 9:00 AM in KRMA Board Room 1600 Brookmont Blvd., Kankakee, IL 60901

I. Roll Call

II. Public Comment

III. Approval of Board Minutes

A. September 22, 2022 – Regular Board Meeting

IV. Reports

- A. Operations & Maintenance Report
 - 1. Monthly Report (MOR)
- B. Executive Director Report
 - 1. Water, Gas & Electric Use/Cost
 - 2. Hauled in Waste Summary
 - 3. Operations Report
- C. Financial Report
 - 1. Reports
 - 2. Hauled in Waste Report
 - 3. Flows Graphs
- D. Communications
 - 1. Burling Professional Cleaners, Inc.
 - 2. CMOM Update
 - 3. Kimley Horn Letter

V. Old Business

- A. CSL Update
- B. NARP Update
- C. Bradley Property Update
- D. ICP Machine
- E. Republic Contract
- F. Security Updates

VI. New Business

- A. Kankakee County E-Waste Contract
- B. Resolution Approving IntraFi Network Deposits DDA-MMDA Deposit Placement Agreement with Midland States Bank 4881-2245-3817 v1
- C. Resolution Approving Custodial Agreement with Midland States Bank 4861-1121-9257 v1
- D. Audit Update

VII. Executive Session

A. Personnel & Probable or Imminent Litigation

VIII. Next Meeting

Thursday, November 17, 2022 (9:00 AM in KRMA Boardroom)

KANKAKEE RIVER METROPOLITAN AGENCY

MINUTES

September 22, 2022 – 9:00 A.M 1600 W Brookmont Blvd.

In attendance:

Board of Directors:

Mayor Christopher Curtis, City of Kankakee
Financial Director Robert Romo, Village of Bradley
Alderman Danita Swanson, City of Kankakee
Alderman Larry Osenga, City of Kankakee
Steven Hunter, Representative, City of Kankakee
Financial Director Tara Latz, Alternate, Village of Bourbonnais

Administration:

Dave Tyson, KRMA Executive Director Karen Benson, Smith, Koelling, Dykstra & Ohm, P.C

Attorney:

Neal Smith, Robbins Schwartz

KRMA Staff:

Art Strother, Superintendent Melanie Gossett, Asst. Superintendent of Technical Services Dustin Scheppler, Asst. Superintendent of O & M

Other:

Terry Memenga, Alternate, Village of Bradley Mayor Michael Watson, Village of Bradley Craig Henderson, Village of Bradley Ryan McGinnis, City of Kankakee Dan Small, Strand Associates

Chairman, Mayor Curtis called the meeting to order

I. Roll Call

Roll Call was taken. All Board members were present except for Mayor Paul Schore and Mayor Brian Stump. Alternate Financial Director Tara Latz, Village of Bourbonnais, sitting in for Vice Chairman Paul Schore for deciding vote.

II. Public Comment

None

III. Approval of Board Minutes August 25, 2022 - Regular Board Meeting

Motion to approve the August 25, 2022, Regular Board Meeting minutes was made by: Dir Osenga and seconded by Dir Hunter. Dir Romo made comments to be reflected in the August 25, 2022, minutes: Some of the things that Village of Bradley is looking for is equal representation on the board, insourcing the lab, elimination or proper documentation of P.I.L.O.T fee, and changing the pricing to communities to also include loadings and not just flows. All board members present, and Alternate Tara Latz voted in favor of, Vice Chairman Paul Schore and Dir Brian Stump absent. Motion Carried.

IV. Reports

A. Operations & Maintenance Report

Monthly Report

Art informed the board that Attachment A of the MOR shows how the plant is doing day to day. He references the graphs stating we are in the red for loading to the plant, TSS (Total Solid Suspended), and Ammonia.

Although the plant is running well, we cannot continue to run like this, there must be adjustments made before it becomes a serious problem. Art stressed the importance of an expansion, stating we must have the ability to treat whatever comes to this plant. Therefore, having additional capacity will allow us to deal with things that come unexpected. Dir Romo asked questions, what is the short-term process to controlling the plant until the expansion is agreed upon and is there a way to control what's coming into the plant? Art replied, our short-term solution is process control, we adjust the process to deal with it. However, we don't have control over big rainfalls that come in and wash out our microorganisms. Due to the rainfall, we now don't have the inventory of microorganisms to treat the waste. We have a pretreatment program, in addition, pretreatment is something that can be done by the industry as well. Both Art and Romo agreed that KRMA has a loading issue. Art stated the flow to our plant is not a problem, we are designed to handle the flow, however when changes occur with the loadings, we must change with it. Dir Romo asked, what changed with the loadings from 10 to 12 years ago. Art stated even if we got rid of all the industry, KRMA will still be operating at 80% of its design just from the population of the community. Chairman Curtis asked, is CSL and Dow Chemical, with their expansion, two of the big loading factors? Art replied, we have three major participants: CSL Behring, Dow Chemical (Rohm and Haas), and Kensing (BASF). Dir Romo asked were these industries ever pretreating. Chairman Curtis replied, BASF was pretreating, they are not now, however we have advised them to go back to pretreating. Dow Chemical used to pretreat, they are not now, CSL is building their pretreatment plant, Dir Hunter asked, is there new innovative technology that will go with the expansion to address the loading issue? Art replied, no not loadings. Art stated there's approximately 59,000 people within the four communities. Each person produces 1.7lbs of BOD a day, that, just the population alone, with no industry and/or leachate you are already at 75-80% capacity of this plant. Dan gave detailed information on the purpose of the last project, stating it was a replacement project to maintain the current capacity. Art added, we need to utilize our Engineers to help us determine what needs to be done, because if we can't come up with a plan to take to the State, they are not going to consider anything regarding funding.

B. Executive Director Report

Water, Gas & Electric Use/Cost

Exec. Dir. Dave Tyson presented the yearly utility usage. Exec Dir Tyson stated everything is in order and running as planned.

3. Hauled In Waste Summary

Exec. Dir. Tyson stated hauled in waste continues to be strong and continues to supply a good revenue stream. Chairman Curtis asked, what does hauled in waste means from a loading perspective? Art replied, prior to Newton County backing off, Newton was overloading the plant. At this point, Newton County is not that big of a factor, in fact, if you take all the leachate loadings coming in here you are at about 7000lbs.

Operations Report

Exec Dir Dave Tyson stated the plant is running well. We still had more vandalism occur. We are working on our security issues. All staff was informed not to confront the trespasser, just call the police. All buildings are locked down. Chairman Curtis stated they will be providing cameras and the City of Kankakee will install them.

C. Financial Report

1. Reports

Karen Benson presented the financial statements, stating the net position is good, statement of revenue and expenses aligns with the budget, and change in net position, net income for the month is a little over budget. Also, the fiscal YTD is in line. Karen also explained to the board the Insured Cash Sweep Account through Midland Bank for a consideration to capitalize on the higher interest rate.

Hauled In Waste Report

Karen stated haul in waste continues to bring in revenue.

Flows Graphs

Karen presented the yearly flows.

D. Communications

IEPA Violation Notice dated August 08, 2022, and responded on August 12, 2022

Exec Dir Tyson informed the board members of the IEPA violations and how they were corrected. IEPA accepted our resolution, however, KRMA had to sign a proposed compliance commitment agreement. If we don't stay in compliance, we could be subjected to a \$2,000/day fine. Art explained how a washout of microorganisms can impact the plant. Also, process control is about F:M ratio (Food to Mass). Food is what's coming into the plant, divided by the mass, which is the number of microorganisms available to consume that food.

V. Old Business

A. CSL Update

No Update. Art informed the board CSL have-to-have K operating license to run their plant. Melanie gave a couple of CSL employees a tour of the plant.

B. NARP Update

1. Approval of Strand 2023 NARP Proposal

Exec Dir Tyson presented the Final Nutrient Assessment Reduction Plan (NARP) that is required by our permit. Strand Associates proposed a contract for \$35,000. Motion to accept the Strand 2023 NARP Proposal was made by Dir Hunter and seconded by Dir Romo. All board members present, and Alternate Tara Latz voted in favor of, Vice Chairman Paul Schore and Dir Brian Stump absent. Motion Carried.

C. Bradley Property

Mayor Watson stated, they are expecting to pass an ordinance to spend \$100,000 for a consultant from a Wastewater Engineering Firm out of Minnesota that will give the Village of Bradley an extensive study on what they should be doing. He also stated, they will need to have access to the plant and maybe ask some questions from personnel. The meeting will be held this Monday, September 26, 2022, at 6:30pm at the Village Hall, an open invitation was given to whom ever would like to attend. Dir Hunter ask about the timeline. Mayor Watson confirmed approximately six months.

D. ICP Machine

Chairman Curtis stated they are still waiting on some parts for the ICP Machine to be installed.

E. Republic Contract

There was discussion regarding the Republic Contract. Dir Romo asked do we need to have a contract with them since we do not have a contract with our other haulers. Art informed them that the contract is per their request. Melanie informed the board that there are permits with the other haulers.

F. Security Updates

Chairman Curtis asked do we have signs on the external fence? Exec Dir Tyson/Melanie both responded yes, we do. Dir Osenga asked are some of the buildings alarmed and is the main building locked? Exec Dir Tyson replied, no, and the main building is open 24 hours a day. Dir Hunter stated that maybe KRMA should consider more than two staff members at night and weekends. Exec Dir Tyson stated we are going to lock down all the buildings 24/7, for key entry only. Chairman Curtis stated we should get a proposal for cost for locking down building 10.

G. Consideration of Close Session Minutes (July 2021 – December 2021)

Motion to define confidentiality still exist, close session minutes will remain confidential and stay in place was made by Dir Romo and seconded by Dir Hunter. Board members: Dir Hunter, Dir Osenga, Dir Swanson, Dir Romo, and Chairman Curtis voted in favor of, and Alternate Tara Latz voted abstained, Vice Chairman Paul Schore and Dir Brian Stump absent. Motion Carried

H. Update on Simms Litigation

Attorney Neal gave an update on Simms Litigation.

VI. New Business

A. Authorization of Strand Associates Preliminary Design

Exec Dir Tyson asked Strand Associates to complete a four-part study: with and without Bradley Property and with and without hauled in waste. This will increase Strand Associate Project Plan from \$215,000 to \$282,000. Without these plans we are not able to apply for money. Dir Hunter stressed the importance of this plan for infrastructure funding that is coming up. Dir Romo asked questions regarding the substantial debt and if we need to seek a financial advisor, will we be able to get IEPA loans, will we be able to get everything financed through the IEPA and is there a limit? Chairman Curtis replied, yes, we should be able to receive IEPA loans. Dan Small stated getting IEPA loans is the first step in addition to the funding opportunities, however, it's the last step of the project

plan. Dir Romo asked if IEPA doesn't cover 100% of the expansion, will Aqua give us money through Bourbonnais. Dan replied, KRMA will be responsible for repaying the loan.

B. Approval of IEPA Project Plan Amendment No. 2

Motion to approve the IEPA Project Plan Amendment No. 2 for Strand Associates was made by Dir Osenga and seconded by Dir Hunter. All board members present, and Alternate Tara Latz voted in favor of, Vice Chairman Paul Schore and Dir Brian Stump absent. Motion Carried.

Dir Hunter asked are we looking out for the polo virus in wastewater? Melanie responded, as far as she knows, they are not testing for that right now, however, she will keep the board posted of any updates.

VII. Executive Session

A. Personnel & Probable or Imminent Litigation

Motion to go into Executive Session to discuss Personnel, and probable or imminent litigation pursuant to Sections 2(c)(11) of the open meetings act, was made by: Dir. Swanson and seconded by: Dir. Osenga. Motion carried.

Roll call was taken, and all Board Members and Alternate Tara Latz were present except for Vice Chairman Schore and Dir Stump absent.

The Board went into Executive Session to discuss Personnel and probable or imminent litigation.

Motion to return to Open Session was made by: Dir. Hunter and seconded by: Dir Swanson. Motion carried.

Roll call was taken, and all Board Members and Alternate Tara Latz were present except for Vice Chairman Schore and Dir Stump absent.

With the Board back in open session, there was no action.

VIII. Next Meeting

Next Regular Board Meeting-Thursday, October 27, 2022 (9:00 A.M. at KRMA Board Room)

Motion to Adjourn was made by: Dir Osenga and seconded by Dir Swanson. All board members present voted in favor of. Motion Carried.

Providing Wastewater Treatment to the Kankakee River Valley

Monthly Operations Report September 2022

KRMA'S SEPTEMBER HIGHLIGHTS:

The KRMA staff Assistant Superintendent Melanie Gossett, Assistant Superintendent Dustin Scheppler, Superintendent Arthur Strother, Executive Director Dave Tyson, and Lab Operations Manager Ryan McGinnis made site visit to Kensing Solution to discuss plant operations.

In accordance with Special Condition 16 of KRMA's NPDES Permit, KRMA has compiled the CMOM plan prepared by KRMA's four satellite member municipalities: City of Kankakee, and Villages of Aroma Park, Bourbonnais, and Bradley.

CSL Behring had two of their new operators who are in training to visit the KRMA facility to see how biological treatment is operated.

The month of September, the agency had violation of nitrogen ammonia, which was reported to IEPA. There were no other violations for the Illinois Environmental Protection Agency NPDES (National Pollutant Discharge Elimination System) permits.

1.0 WASTEWATER TREATMENT FACILITY OPERATION

Attachment A Details the monthly operational information for the facility.

2.0 INFLUENT FLOW

Table 2.1 Summarizes total flow and average daily flow to the facility from each municipality.

Attachment B for details of daily flow rates.

Table 2.1
Plant Flows

Municipality	Plant Influent	Kankakee	Bourbonnais	Bradley	Aroma Park
Total Flow (MGD)	295.41	197.37	72.615	24.400	1.022
Daily Average Flow (MGD)	9.85	6.58	2.421	.813	0.034

3.0 EFFLUENT QUALITY

Table 3.1 Summarizes the effluent quality data.

Table 3.1

Effluent Quality

A 14-10-11-11-11-11-11-11-11-11-11-11-11-11-	IEPA Limits	Effluent Average
Biochemical Oxygen Demand (BOD) – Monthly Average	20 mg/l	5 mg/l
Total Suspended Solids (TSS) - Monthly Average	25 mg/l	13 mg/l
РН	6-9 SU	7.28 SU
Chlorine Residual	0.05 mg/l	0.025 mg/l
Fecal Coliform	400/100 ml	9/100 ml

ODOR ISSUES:

- There were one odor complaints registered at the KRMA facility in September.
- There were no odor complaints registered at the East Gate site in September.

4.0 PERSONNEL

The Agency would like to Congratulate these KRMA employees for September work anniversaries. Thank you all for being such a valuable and loyal member of our team. Your knowledge, hard work and dedication is greatly appreciated.

John Lund, O & M Operator Specialist, 4 years

Maxwell Gossett, O & M Operator Specialist, 4 years

Arthur Strother, Superintendent, 37 years

Employees continue to follow the COVID-19 Warning signs and Safety Tips. One of the best ways to help keep workers healthy is to stay home **except for** necessary outings, and when you do go out for the necessities, there are steps you can take to minimize the risk of spreading illness.

ATTACHMENT C

SAFETY MEETING October 13, 2022 9:30am & 1:30pm Agenda

I. Safety Minutes

Review minutes from September 2022

II. Old Business

There were no lost time accidents for the month of September 2022.

III. New Business

- A. Safety Training
 - 1. Back Safety Update
 - 2. IPRF Risk Reminder: Back Exercises
- B. Safety Concerns
- C. Safety Team Leader Report
- D. Open Discussion
 - 1. City of Kankakee offering flu shot
 - 2. Safety supply review

Next Meeting: Tuesday, November 15, 2022 9:30am & 1:30pm

SAFETY MEETING September 20,2022 9:30am & 1:30pm Minutes

In attendance:

9:30am session:

Melanie Gossett, Facilitator

Shaun Ownbey Dan Combs Nick Scheppler Mike Gowler

Max Gossett Andy Summers Alex Bowser Tawonda Brown

Suzy Berrones Sandy Spriggs

1:30pm session:

Melanie Gossett, Facilitator

Shawn Malone Jim Churney Ron Haney Brian Power

Josh Peters Bryan Kennedy John Lund Mike Arseneau

Nick Tucker RJ Tyson Ryan McGinnis Alan Toronjo

Seth Hall

Absent:

Jack Renchen, Ben Smith, Austin Boyd

I. Safety Minutes

Review minutes from August 2022

II. Old Business

There were no lost time accidents for the month of August 2022.

III. New Business

A. Safety Training

Liberty Fire Equipment, Inc. was onsite to conduct fire extinguisher/fire safety training. Each participant had the opportunity to extinguish a controlled fire.

B. Safety Concerns

- 1. It was suggested that KRMA purchase 2-way radios for communication when lowered into a tank.
 - ✓ Purchased
- 2. Inventory items that need to be purchased: XL Tyvek suits, disposable ear plugs, 4.5" cut-off wheels and spare locks for the Lock out/Tag out stations.
 - ✓ Purchased
- 3. Security issues were discussed:
 - a. The west side of building #10 needs to have better lighting.
 - b. Nick has identified all the locks on doors that will not operate with the common key issued.
 - c. Rather than leaving the keys in the vehicles, a lock box should be kept in building #66.
 - ✓ Purchased, needs to be installed.
 - d. Does the police department have the code or a keycard to the main gate?
 - ✓ Yes. It was confirmed that they do have the information. It was reentered into their call system.
 - e. Everyone was reminded to not confront any trespassers, but to call the police.
 - f. Is there a way to manually operate the front gate?
 - ✓ Yes, instructions to follow.

C. Safety Team Report

Safety Team Leader responsibilities transferred from RJ Tyson to Mike Arseneau.

- D. Open Discussion
 - 1. The City of Kankakee is offering flu shot services at no cost to KRMA staff. Dates and times to follow.
 - 2. Participants in the KRMA 6-month weight challenge were reminded to weigh-in on October 11^{th} or 13^{th} .
 - 3. A request was made for KRMA to purchase key leashes for employees given the current security measures taken.
 - ✓ Purchased.
 - 4. Will a new truck be added to the fleet?
 - ✓ Yes. Status update next month.
 - 5. The driver's seat in the F-250 is falling apart.
 - ✓ Permission was granted to spend up to \$200 for a new seat⊮

Next Meeting:

Thursday, October 13, 2022 9:30am & 1:30pm

Monthly Pretreatment Program Totals

September 2022

1600 West Brookmont Blv Kankakee, IL 609

Phone: 815-933-04 Fax: 815-933-01

September 2022 Monthly Pretreatment Sample Analysis (metals, cyanide & VOA) for the permitted industries were a total of **81 samples** and a total of **517 analyses**.

Gilster-Mary Lee Corporation	8 Samples
Hoffman Transportation, LLC	7 Samples
Kankakee Recycling & Disposal Facility	2 Samples
Laraway Recycling & Disposal Facility	9 Samples
Liberty Landfill, LLC	8 Samples
Livingston Landfill	6 Samples
Natural Gas & Pipeline Co. of America	3 Samples
Newton County Landfill	12 Samples
Prairie View RDF	10 Samples
Tank Cleaning Solutions, LLC	12 Samples
Verdant Specialty Solutions US LLC	2 Samples
Zutat Feed Solutions	2 Samples
	·

Volumes Received for September 2022 for trucked-in industries.

Gilster-Mary Lee Corporation	54,000 gals	9 loads
Hoffman Transportation, LLC	150,000 gals	30 loads
Kankakee Recycling & Disposal Facility	35,000 gals	5 loads
Lake County C&D Landfill	0 gals	0 loads
Laraway Recycling & Disposal Facility	584,552 gals	97 loads
Liberty 3 LFGTE Plant - Wabash Valley Power Alliance	9 0 gals	0 loads
Liberty Landfill, LLC	1,068,958 gals	160 loads
Livingston Landfill	144,665 gals	22 loads
Momence Packing	0 gals	0 loads
Natural Gas & Pipeline Co. of America	25,000 gals	5 loads
Newton County Landfill	743,168 gals	112 loads
Peoria Packing Co.	0 gals	0 loads
Prairie View RDF	250,693 gals	47 loads
Prairie View- Will County RNG Plant	0 gals	0 loads
Tank Cleaning Solutions, LLC	205,120 gals	40 loads
Verdant Specialty Solutions US LLC	38,833 gals	7 loads
Zutat Feed Solutions	18,000 gals	3 loads
Totals:	3,317,989 gals	537 loads

The KRMA Facility received a total of **239 loads** of septage which totalled **794,704 gallons** for the month of September 2022

NOTICE

October 3, 2022

Dear Kankakee, River Metropolitan Agency:

Burling Professional Cleaners, Inc. is performing an environmental response action at 120 North Cleveland Avenue Bradley, Illinois. The response action is being performed because of a dry cleaner chemical release. The response action consists of remediation of groundwater and soil contamination.

To protect human health, Illinois regulations require that Burling Professional Cleaners, Inc. either clean up groundwater contamination or demonstrate that the groundwater in the area of the release will not be used as potable water. (Groundwater is the water beneath the ground stored in the pores of soil and rock; some communities and homeowners pump this water out of wells to supply potable water. Potable means fit for human consumption including drinking, bathing, preparing food, washing dishes, and so forth.)

The Village of Bradley, IL has adopted an ordinance that strictly prohibits the human and domestic consumption of the groundwater beneath your property. Under Illinois regulations, a local ordinance that effectively prohibits the installation and use of potable water supply wells may be used as an institutional control to allow contamination above the groundwater ingestion remediation objectives to remain in the groundwater (35 Illinois Administrative Code 742.1015). (An institutional control is a legal mechanism for imposing a restriction on land use.) The Illinois Environmental Protection Agency (Illinois EPA) has determined that the ordinance adopted by the Village of Bradley meets the regulatory requirements for use as an institutional control. Burling Professional Cleaners, Inc. has requested and has been granted approval from the Illinois EPA to use the groundwater ordinance as an institutional control.

Your property, 1600 W BROOKMONT, is included in the area affected by the ordinance. This means that you cannot install or use a private, potable water well on your property. Based on the remediation objectives established in reliance on this ordinance, groundwater beneath your property may not be suitable for human or domestic consumption. Illinois regulations require that you be notified of these facts.

The ordinance is identified as ordinance number 0-7-14-3. If you wish to obtain a copy of the ordinance, please contact the Village of Bradley at 147 S. Michigan, Bradley, IL 60915 or call 815-936-5100. To learn more, please contact either Burling Professional Cleaners, Inc. at (815) 932-7811 or the Illinois EPA, Bureau of Land project manager, Tammy Smith, at 217-785-8410 or tammy.smith@illinois.gov. You may also obtain a copy of the complete Illinois EPA file on Burling Professional Cleaners, Inc. To do so, you will need to submit a written request with your signature to the Freedom of Information Act (FOIA) Officer, Illinois EPA, Bureau of Land, 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276. When requesting a copy of the file, please reference the file heading shown below:

LPC# 091020517/Kankakee County, Burling Professional Cleaners

120 North Cleveland Avenue; Bradley, Illinois

Illinois Drycleaner Environmental Response Trust Fund Site No. 0001037

FOIA requests may also be requested through the Illinois EPA's Web page: https://www2.illinois.gov/epa/foia/Pages/default.aspx

Sincerely,

Burling Professional Cleaners, Inc.

1600 West Brookmont Blvd. Kankakee, IL 60901 Phone: 815-933-0444

Providing Wastewater Treatment to the Kankakee River Valley

Board of Directors

October 24, 2022

Chairperson

Christopher Curtis

Mayor City of Kankakee Attn: Compliance Assurance Section Illinois Environmental Protection Agency

1021 North Grand Avenue East Springfield, IL 62974-9276

Vice Chairperson

Paul Schore Mayor

Village of Bourbonnais

Re:

Special Condition 16

National Pollutant Discharge Elimination System (NPDES) Permit No. IL0021784

Kankakee River Metropolitan Agency (KRMA)

Secretary **Brian Stump**

Mayor Village of Aroma Park To Whom It May Concern:

Robert Romo

Financial Director Village of Bradley

Danita Swanson Alderman City of Kankakee

Larry Osenga Alderman City of Kankakee

Steven Hunter Representative City of Kankakee

Staff

Executive Director Dave Tyson, P.E.

Plant Superintendent Arthur Strother

In accordance with Special Condition 16 of KRMA's NPDES Permit, KRMA has compiled the enclosed Capacity, Management, Operations, and Maintenance (CMOM) Plans prepared by KRMA's four satellite member municipalities: City of Kankakee and Villages of Aroma Park, Bourbonnais, and Bradley. Also enclosed are KRMA's letter to IEPA dated September 6, 2019, and IEPA's response letter dated February 19, 2020, which provide additional background and details regarding KRMA's CMOM requirements.

Please note that KRMA does not own or operate any portions of the sanitary and combined sewers tributary to KRMA. Accordingly, there are no assets for which KRMA can develop a management strategy or prepare a CMOM plan. It is not possible for KRMA to have any sanitary sewer overflows to identify and report. KRMA's first letter to IEPA regarding Discharge 003 and CMOM was dated September 22, 2011. As set forth in various letters and emails since then, KRMA has already undertaken the necessary steps to eliminate overflows from the combined sewer interceptor to its plant. It has also significantly upgraded the pumping capacity at the plant so that currently there are no forecasted overflows from the interceptor or the pumping station, has increased the storage capacity of the equalization basin, and has added disinfection and dechlorination for Discharge 003. This is how the system was designed and permitted to function as a flow equalization and treatment unit. It is not an emergency high-level outfall, it is a legal, treated, CSO-related bypass as defined in United States Environmental Protection Agency's (USEPA) 1994 CSO Control Policy.

Please call us at (815) 933-0444 if you have any questions or need any additional information.

Sincerely,

KRMA

October 10, 2022

Dave Tyson, P.E., Executive Director Kankakee River Metropolitan Agency 1600 W. Brookmont Blvd. Kankakee. Illinois 60901

RE: Request for KRMA Documentation

The Village of Bradley has retained Kimley-Horn to evaluate and advise the Village on the recent proposal by the Kankakee River Metropolitan Agency (KRMA) for capacity expansion improvements at the Regional Wastewater Treatment Facility (WWTP). The proposed improvements will provide additional capacity to treat loading, i.e., wastewater constituents, while maintaining the permitted 25 million gallons per day flow capacity. The concept level cost estimates presented by the KRMA's engineering consultant dated April 21, 2022, range from \$43.5 million to \$80.5 million depending on the alternative selected.

For Kimley-Horn to assist the Village of Bradley in this process, we request the documentation listed below from the KRMA. We are seeking this information in its totality within thirty (30) days of the date of this request. Your cooperation and prompt response are greatly appreciated and will help avoid delays in completing our efforts to assist a KRMA member community.

Documentation requested from the KRMA:

Management

- 1) Current Inter-Governmental Agreement and change history (past agreements)
- 2) Current By-Laws
- 3) Board of Directors meeting minutes Past five (5) years
- List of current vendors/consultants utilized for providing operational and professional services and their selection and contract renewal process

Operations

- 1) Fiscal Year 2022-2023 Annual Budget
- 2) Reconciled Revenue and Expenses Past five (5) years
- 3) Wastewater cost for service to each stakeholder Past twelve (12) months
- 4) Rate increase history Past five (5) years
- 5) Record drawings of the existing WWTP
- 6) Current National Pollutant Discharge Elimination System (NPDES) Permit
- Current Capacity, Management, Operations and Maintenance (CMOM) plans for each owner/operator of collection systems tributary to the KRMA
- 8) Current Pretreatment Program Plan/Procedures
- Pretreatment Program Activity Report to Illinois Environmental Protection Agency (IEPA) for April 28, 2022 reporting period

- 10) List of existing Significant Industrial Users (SIUs) that are discharging to the WWTP and their locations
- 11) Existing SIU Pretreatment agreements and records
 - a) SIU discharge data (wastewater characteristics/effluent parameters) Past one (1) year
 - b) Invoices issued to SIUs Past one (1) year
 - c) Inspection history
- 12) Future SIUs that are under consideration and their wastewater characteristics
- 13) Flow and loads for the past 2-years
- 14) Monitoring Results (including biomonitoring) provided to IEPA Past two (2) years
- 15) WWTP Process Model (e.g., BioWin Model)
- 16) Available capacity to accept new flows and loads

Capital Improvements

- 1) Most recent Capital Improvement Plan (1 yr., multi-yr.)
- 2) WWTP Capacity Expansion conceptual planning documents including cost estimates
- 3) Process for assessing rate increases based on the conceptual level cost estimates

Regulatory Compliance

- 1) Description of the factors triggering the WWTP expansion
- 2) Notices of violation or non-compliance issued to KRMA Past two (2) years
- 3) Notices of violation or non-compliance issued by KRMA to users Past two (2) years
- 4) Local Limits Evaluation and subsequent submittals to EPA

After review of the above-mentioned documentation, we will contact you if we need additional information. With Kimley-Horn, you should expect more and will experience better. Please contact me at (224) 214-1550 or Peter.Stoehr@kimley-horn.com should you have any questions.

Sincerely,

Peter A. Stoehr, P.E. Senior Project Manager
