Mike Nolan inquired about the newly formed committee to study the current County zoning ordinance. The committee will review the current ordinance and possibly revise it.

Announcements/Communication:

Brent reported that the assessments are caught up. Most new construction is sheds, garages, decks and fences. There are very few new homes.

John asked for information on the bill to abolish all Township Assessors. Brent's thoughts are that if it happens, the county level would be more consistent on valuations throughout the county. However, the bill died for now.

Bill asked for an update on our recycling program. He had visited with someone from Champaign County who told him that he uses our Township recycle bin!
