Old Business:

None

New Business:

The Assessor contract was revisited. The contract spans from 12/31/13 to 12/31/17.

John asked about implementing a strategic plan to determine if levies should be kept the same or be raised for future expenditures. We might ask Larry if he has any plans for future purchases or

buildings. John would like to ask Larry for a 3-5 year forecast of large project plans. Bill suggests that if you don't budget...you don't purchase. We will add a visit with Larry regarding future expenditure plans to the January 2016 agenda.

Some discussion continued on ways to get Township rock hauled without actually purchasing a new Township truck. Contracting for hauling still looks favorable, as does purchasing a semi type tandem---which would be a versatile truck for the Township.

John inquired about the combining of our accounts. He suggested a larger amount be retained in a cash reserve type fund which could possibly earn interest. Ray is working on this. John wondered if T.O.I. could advise us on this.

Steve is searching for the most economical purchase for doors to be used at the White Heath ball diamond restrooms...He is obtaining a quote from Illini Overhead Doors.

A motion to adjourn was made by Steve Harper and seconded by Elsie Robinson. All were in favor.

Meeting was adjourned at 7:35 P.M.

Respectfully submitted,

Debbie Marshall

Sangamon Township Clerk
