FIRST EVER BLACK DIRECTOR OF THE SMITHSONIAN

Lonnie G. Bunch III

Washington (CNN)The first African American to head the Smithsonian Institution was elected Tuesday by the collection of museums' board of regents, the organization announced in a statement. Lonnie G. Bunch III was elected as the 14th secretary of the Smithsonian Institution, which maintains more than a dozen museum and galleries, as well as the National Zoo. Bunch previously served as the founding director of the National Museum of African American History and Culture.

Bunch will replace the outgoing secretary, David Skorton. His appointment makes him the first historian to hold the position and the first museum director to serve as secretary in 74 years, according to the Institution.

Supreme Court Chief Justice John Roberts, who also serves as the Smithsonian Institution's chancellor, lauded Bunch in the statement.

"Lonnie Bunch guided, from concept to completion, the complex effort to build the premier museum celebrating African American achievements," Roberts said. "I look forward to working with him as we approach the Smithsonian's 175th anniversary, to increase its relevance and role as a beloved American institution and public trust."

Bunch, who has been in the museum field for more than 35 years, said he was "humbled and honored" to be selected as the institution's new secretary.

"I am excited to work with the Board of Regents and my colleagues throughout

the Institution to build upon its legacy and to ensure that the Smithsonian will be even more relevant and more meaningful and reach more people in the future," he said in the statement.

According to the institution, in addition to working at the African American museum, Bunch also had stints at the National Museum of American History and the National Air and Space Museum and served for several years as president of the Chicago Historical Society.

The historian has also published books on several topics and taught at the George Washington University and American University, among other places, according to the Institution. Picture/

Lansing City Clerk Chris Swope Makes Voting Easier for August 6th City Primary Election after Approval of Proposal 3

*Extended Hours on Wednesdays & the Weekend prior to Election Day
Voter Registration available until Election Day at City Clerk's Offices*

Lansing - The South Washington Election Unit will be open to Lansing City voters for walk-in early voting and voter registration for the **August 6th City Primary Election**, which will narrow down the number of candidates for the two City-wide City Council positions and the First Ward City Council seat.

Located at 2500 S. Washington, the Election Unit offers free parking, a 24-hour secure drop box, and is conveniently located on CATA Route #2. Walk-in early voting will be available at the Election Unit until Election Day at the following times:

Mon., Tues., Thurs. & Fri.	8 a.m. - 5 p.m.
Wednesday	8 a.m. - 7 p.m.
Monday, August 5 Only	8 a.m. - 4 p.m. (due to state law)

In addition to regular hours, the Election Unit will be open on the following weekend day:

Saturday, August 3rd	10 a.m. - 2 p.m.
Sunday, August 4 th	Noon - 4pm

Walk-in absentee voting is also available at the Clerk's City Hall Office, located on the 9th floor of City Hall at 124 W. Michigan Avenue during regular office hours.

There are two exceptions in Michigan election law which restrict early voting. On the day before Election Day, no ballots can be provided after 4 p.m. except in an emergency situation. Also on Election Day, absentee ballots can only be given to people registering to vote on Election Day.

Voters may download the form to request an absentee ballot, check on the status of their absentee applications, and list of candidates with their contact information at lansingmi.gov/clerk. Absentee voters who want to skip the required postage when returning their ballots may use the 24-hour secure drop boxes, which are located in the parking lot at the South Washington Election Unit and on the sidewalk outside City Hall.

Lansing City Clerk Chris Swope is encouraging everyone to sign up to be placed on the automatic application list to vote from home for future election. Voters can request to be placed on this list by contacting the Clerk's Office at (517) 483-4131 or visiting lansingmi.gov/clerk.

There is no longer a deadline for voter registration. From July 23rd through Election Day, a citizen can come to either location of the Clerk's Office with proof of residency, register, and vote all in one visit. Alternatively, a citizen may take their ballot with them or vote in their precinct; this option depends on which day they come in, per state law and the new constitutional amendment.

Other changes to election law include: voter registration up to, and including, Election Day; straight ticket voting in partisan general elections; automatic voter registration when applying for, updating, or renewing a driver's license or state-issued personal identification card; election results audits; and more.

"With every voter having the option to either vote from home or vote early without providing a reason," said Lansing City Clerk Chris Swope. "I hope it will increase voter participation in local elections which often have the biggest impact on our families and neighborhoods."

RE-CONNECTING SOUL II SOUL: AS BIG AS A PEA, SMALLER THAN A BREAD BASKET

Ministry of Presence With

Chaplain Pamelajune (Pj) Anderson, DMin.
Lt. Commander (RET) USN Chaplain Corps
Certified Peer Support Specialist

NOW, TODAY, IS THE DAY OF HOLY SPIRIT GRACE, PRESENCE, AND AWARENESS. BE STILL AND LISTEN TO HEAR HER VOICE

"As for those who grieve, God has sent me to give them a beautiful crown in exchange for ashes. To anoint them with gladness instead of sorrow, to wrap them in victory, joy, and praise instead of depression and sadness. People will call them magnificent, like great towering trees standing for what is right. They stand to the glory of the Eternal who planted them." Isaiah 60:3 VOICE

"AND GOD, I dreamed the other night that my left ear drained a pea size ball of wax. It stayed on my mind until my curiosity got the best of me. So, I called Avatar and asked him what it could mean. He shared that wax from the right ear usually refers to connectedness with Divinity and wax from the left ear usually denotes logic.

I have gathered from that brief conversation that I am balancing my preference to BE logical with my desire to BE spiritual. I'm better suited to live in my head, and Avatar frequently invites me to live from the overflow in my soul."

It is from my soul that dreams and visions give birth to the songs, praise, and adoration to

my co-creating God. It is from my soul that I connect with the souls of my fellow veterans as we build a VET II TLGB VET + FAMILY Initiative to address within our congregations our Post-Traumatic Stress Disorder (PTSD).

We ought to have support groups and supporting voices upholding our Veterans. Unlike twenty years ago, Veterans are swiftly falling into a category of people without hope, without places to call home, and without the help that the church can provide. The fact that our maladies may be hidden and deep are no less painful. We need to hear from our preachers, teachers, and chaplains that God Almighty has the oil of joy for mourning, praise instead of despair, and beauty for our ashes. A hand-up may seem smaller than a bread basket, yet, it may be the hand that saves a Veteran from death by suicide.

Suggested prayer: Dear God, put a song in my soul that the angels cannot sing. A song that shows us our magnificence, like great towering trees standing for what is right.

THE REALS OF JUSTICE

Where Can I Smoke My Weed?

By Ayanna D. Neal

Ayanna Neal

Recreational use of marijuana was legalized in Michigan after voters approved Proposal 1, creating the Michigan Regulation and Taxation of Marijuana (MRTMA) on December 6, 2018. So, where can one smoke one's marijuana? You can only smoke marijuana in private. It is illegal, a civil infraction punishable by a \$100 fine, to consume marijuana in public. There isn't much clarity regarding what is considered "in public." Some say, "My front porch is where I like to smoke my marijuana because it's private property." But some people have said they've done this but ended up with law enforcement contact. Yes, your porch is private property but is in public view. Some good advice for such a situation is to consume marijuana *inside* your home or inside some other private property that allows it. A landlord can prohibit marijuana consumption so be sure to read your lease to know whether you can consume marijuana in your home if you're a tenant. And if you're a college student who lives on campus in a dorm or other college housing you should definitely know the college or university's policy because many colleges and universities have drug-free policies which would prohibit you from consuming or possessing marijuana on college property. The same is true regarding your motor vehicle. Consuming marijuana in a vehicle is prohibited by the (MRTMA). But the MRTMA doesn't specify what the penalty is for such a violation. The MRTMA also prohibits consuming marijuana while driving. This is not the same as driving under the influence of marijuana. Driving under the influence of marijuana is a crime with possible fines and incarceration just like operating while intoxicated by the consumption of alcohol (OWI). You shouldn't smoke marijuana during work lunch or any other work breaks. Employers own or own the use of their property and can ban marijuana consumption or possession on their property and in their facilities just like a ban on smoking cigarettes. Most employers have a policy that bans being high while working. Employers can do drug testing even though marijuana is legal. An employer can discipline or even terminate an employee for a positive test. It is always best to check with the employer regarding their policy for controlled substances. Some employers do drug testing prior to hiring an employee. Each employer is different as to whether they'll hire a person with a positive marijuana test. A lot of employers have no tolerance policies for controlled substances and some employers may do work for the federal government, which prohibits consumption and possession of marijuana because both are illegal federally, and the feds are prohibiting from contracting with companies who don't follow federal law. If it's a job you really want to get or want to keep and there is a policy against controlled substance consumption, or you don't know what the policy is it's probably a good idea to go on a timeout from marijuana. Before you light up make sure you're somewhere you can legally fire it up.
