

# Scientific Due Diligence Services

## Tier 1: Feasibility Snapshot

Price Range: \$10,000 - \$25,000

A fast, lightweight review ideal for early-stage decisions or rapid go/no-go validation.

*Includes:*

- Scientific plausibility check
- Literature & patent scan
- Review of pitch decks, white papers, or abstracts
- 1-hour consult call with key findings
- 3-5 page summary report with key risks and signals

*Ideal for:*

- Founders preparing for a raise
- Angel investors or accelerators
- VCs evaluating seed-stage ideas

## Tier 2: Technical Diligence Deep Dive

Price Range: \$35,000 - \$60,000

A comprehensive technical assessment suited for investors or companies making Series A-B decisions.

*Includes:*

- Review of technical documents and protocols
- Feasibility, replicability, and limitations analysis
- Regulatory landscape and risk mapping
- Pre- and post-brief calls
- 10-15 page report + investor summary

*Ideal for:*

- VCs assessing mid-stage investments
- Biotech/pharma partners
- Founders validating for larger rounds

## Tier 3: End-to-End Scientific Strategy & Validation

Price Range: \$75,000 - \$150,000

Strategic guidance for growth-stage decisions, M&A, or product/market expansion.

*Includes:*

- All Tier 2 services
- Advisory panel consultation

## Scientific Due Diligence Services

- Competitive & differentiation analysis
- Regulatory readiness scoring
- Executive-level presentation materials

*Ideal for:*

- Growth-stage startups
- PE/M&A teams
- Companies preparing for IPO or exit

### **Tier 4: Monthly Retainer (Strategic Scientific Advisor)**

Price Range: \$5,000 - \$15,000/month

Ongoing access to scientific advisory support on an as-needed basis.

*Includes:*

- Ad hoc idea reviews
- Consultation on proposals or designs
- Monthly strategy calls
- On-demand written evaluations (2-3/month)

*Ideal for:*

- Repeat clients
- Startup accelerators
- VCs managing large portfolios
