A FORWARD THINKING FOOTBALL CLUB

ABOUT US

Founded in 1994, Cadbury Athletic FC is a registered charity and a community-rooted football club with a proud history of developing talent and strengthening local engagement. Our First Team plays in the Midland Football League Division Two, supported by a growing development and youth setup now expanded to 20 teams, including U21s, U18s, and a dynamic Youth Section competing in the Central Warwickshire Youth League.

We have recently embarked on the development of our Women's and Girls' section, ensuring that opportunities in football are open to all. We've also launched Just Play initiatives and the Cadbury Mini Kickers programme, welcoming boys and girls aged 4-8 of all abilities every Saturday morning.

Our club now proudly supports players aged 4 to 70+, including a thriving walking football setup. In our relatively short history, we've helped develop eight professional footballers, including two current Premier League stars and an England international & World Cup goal scorer.

With a growing online presence of 8,000+ Social media followers with a quarterly reach of over 500k our digital reach continues to grow. We've featured on TalkSport, engaged with global audiences, and collaborated with football media companies, offering our sponsors a regional, national, and international platform.

WHY SPONSOR US?

We welcome tailored sponsorship conversations. Let us help craft a partnership that fits your brand goals and supports our growing football family.

It has been incredible to be partner sponsors of Cadbury Athletic for the 2023/2024 season. The sponsorship provided us some great exposure in the local area and further afield. Bryan and the team have been brilliant to work with, our brand has been shared across the month on all Cadbury FC activity. The team have also been really engaged with our content and activity as a firm, always sharing and interacting with us across all Cadbury Athletic media channels.
