MISSION OF ABLED

Serving Jesus Christ by enabling people living with developmental disabilities to creatively explore and live full meaningful lives in their communities.

PRINCIPLES

To fulfill its mission, ABLED believes:

- Every person was created with value and purpose.
- Every person should be treated with dignity and respect.
- Every person can grow and learn through community experiences.
- Every person should enjoy life, liberty, and the pursuit of happiness.
- Every person has the right to be the primary decision maker in his/her life and carries the responsibility for the direction it takes.
- Every person is protected by the full weight of the United States Constitution and its amendments.

PHILOSOPHY

In keeping with the mission and principles of ABLED, the Shared Living model is a residential service alternative, delivered in a private home owned or leased by an individual, couple, or a family known to the participant and who is independently contracted with ABLED. The Shared Living provider (“SLP”) and the participant live together in the home and the participant shares daily life with the Shared Living family in their home and community. This service option provides an opportunity for a person with an intellectual disability to further their independence and community involvement while experiencing life in a more natural setting.

I. PRIOR TO THE PROVISION OF SERVICES

- A. SLP may be recruited through any commercially reasonable means. ABLED relies heavily on word of mouth.
- B. Prior to beginning services, the SLP must:
 1. Complete and submit an application.
 2. Complete and submit authorizations for all background checks for anyone 13 years old and older who will be living in the home.
 3. Interview with ABLED.
 4. Complete all required certifications including CPR/First Aid and Med Aide if administering medications.
 5. Complete ABLED Orientation Training.
 6. Provide ABLED with documentation:
 - a. Social Security Card
 - b. Proof of Insurance
 - c. Driver’s License
 - d. Bank Information for direct deposit

- C. ABLED will conduct the Employment Eligibility Verification on the SLP within 3 days of starting employment. The SLP must complete the Form I-9.
- D. ABLED will conduct an on-site assessment of residential setting to ensure compliance with the codes and regulations of the local jurisdiction and the Medicaid HCBS Final Settings Rule. Assessment surveys will be completed by ABLED, Inc. staff and reviewed by Nebraska DHHS-DD within 15 business days to determine whether the new site is compliant.
- E. A Home Study Survey must be completed by the Provider with any potential SLP contractors in the home and all adult members of the household at least 7 calendar days prior to a team meeting for all new SLP settings.

II. REFERRAL PROCESS

A. INITIATION

DHHS initiates the process by issuing a referral for Shared Living services to ABLED. Other agencies may receive the same referral.

- 1. ABLED reviews all available information on the participant's history contained in the referral.
- 2. ABLED may contact the service coordinator and/or the guardian to learn more about the participant.
- 3. The referral should include a description of funding for the placement. ABLED will contact DHHS should the funding level be absent.
- 4. ABLED will make an initial determination of whether the referred person can be served by a Shared Living placement.
- 5. ABLED will match the participant with potential SLPs. The participant and/or the guardian may conduct multiple interviews with potential SLPs.
 - a. The participant's service coordinator may be present at the interview.
 - b. The participant should tour the home and neighborhood of the potential SLP. Visits increase the probability of a long-term successful placement. These visits continue until all parties are satisfied with the planned placement. There is no payment available for the potential SLP during these initial visits.
- 6. ABLED will accept the referral once the participant/guardian select their SLP.
- 7. DHHS will arrange an intake meeting to initiate Shared Living services.
- 8. Both service coordination and ABLED will conduct walkthroughs of the home prior to the move in date.
