Letter of Support for Novo Textiles
From Nelly Shin, MP

July 15, 2020

Novo Textiles is a manufacturing company in Coquitlam, where I serve as Member of Parliament. I am writing to express my respect and support for the work that Mr. Zanatta has been doing to retool his factory to meet the PPE demands in our country during the pandemic.

I initially supported Novo Textiles through my parliamentary work to expedite the licensing process for his factory around the end of March. I have been impressed with how far Novo Textile has expanded over the last few months. I have continued to support the company in my role as Member of Parliament throughout the process of the company's growth.

Novo Textiles is currently producing Levels 1 and 2 masks. I was delighted to receive a tour of the factory on May 28 and see the remarkable progress in person. I look forward to the production of Canada's first N95 masks that Novo Textiles will soon begin.

I am proud to have Novo Textiles as a PPE manufacturer in the federal district I represent. In this time of great challenge, Mr. Zanatta's steadfast focus, hard work and innovation displays the pioneering spirit that makes our nation strong and resilient.

Sincerely,

Nelly Shin, MP
Port Moody-Coquitlam
Deputy Shadow Minister of Canadian Heritage
