Dear Mr. Zanatta,

Thank you so very much for providing me a tour of your facility last month. I was most impressed with how quickly you acted on the serious need for surgical masks and with your commitment to increase your capacity to enable your company to manufacture N95 respirators.

On behalf of my constituents and the British Columbians I represent I want to acknowledge just how grateful I am that you, as a business person and manufacturer, had the sense, knowledge and willingness to reach out to your contacts and put the elements in place to successfully transition your business. With your contribution Canadians can feel the certainty of having the appropriate PPE now and into the future.

Thank you for your hard work during this very challenging time.

Sincerely,

Selina Robinson, MLA  
Coquitlam-Maillardville
