

OCCUPATIONAL HEALTH & SAFETY

IOTDC-NT1 is an organisation that provides its clients with project management services and local/international freight brokerage.

Providing a safe and healthy work environment is at the core of our client's and supplier's needs and so too is it IOTDC-NT1 priority to ensure it acts in a safe and compliant manner. We ensure our contractors and our staff provide the highest quality of work without compromising health and safety.

It is such a high priority that IOTDC-NT1 is committed to developing an Occupation Health and Safety Management System. Alongside the development of this system comes a commitment from IOTDC-NT1's leadership to implement and integrate this system into its business and ultimately comply with ISO 45001 to manage OH&S within the business.

This policy will ensure the following outcomes:

- The workplace is a safe and healthy environment
- Prevent work related injuries and illness
- Proactively monitor and improve OH&S performance
- Eliminate hazards and risks to the safety of both individual and organisation
- OH&S incidents will be used to address management system performance
- Fulfil legal and other obligations
- Achieve OH&S objectives
- That OH&S principals and culture are integrated into the entire business including its contractors, clients and suppliers to ensure the health and wellbeing of its people

All IOTDC-NT1 personnel and its contractors are expected to comply and work in line with the requirements of the management system. This will be done by providing the appropriate levels of training, consultation and communication. The policy will be regularly reviewed by management to ensure it remains effective at achieving the desired outcomes.
