

6 Skills to Succeed in an Era of Exponential Change

How to use this worksheet: Review each of the 6 skills (or personal mission) in this worksheet and select one that resonates with you in the moment.

Reflect upon the question and decide on the next steps!

Skill - Mission	Question
1 - Ingenuity	How can you express proactivity & ingenuity in your own unique way that might create a new niche for yourself?
2 - Tech literacy	Is there somewhere you could leverage or learn technology, but haven't yet? What will you try?
3 - Intentionality	What are you willing to say no to, so you can make more progress on something that will really make a difference?
4 - Resilience	How easy is it for you to remain calm in times of uncertainty and change?
5 - Community	Which community will you support & engage with? And from whom will you ask for support?
6 - Diversification	How diversified are your income & investments? Is there some action you want to take?
Personal Mission	What makes you excited to get up in the morning?
