

**Conekt**<sup>®</sup>

**Conekt CSR-35** Bluetooth Low-Energy (BLE)/Contactless Smartcard Reader

## CONEKT<sup>®</sup> MOBILE SMARTPHONE ACCESS CONTROL SOLUTION

### With Conekt, the smartphone is the access credential

Conekt is Farpointe Data's mobile-ready access control ID solution—consisting of a smartphone wallet app, mobile and physical credentials, and combination Bluetooth Low Energy (BLE)/contactless smartcard readers. Based upon the proven LEGIC<sup>®</sup> contactless digital radio frequency identification (RFID) platform, Conekt readers interface with a wide range of electronic access control systems by complying with either the legacy Wiegand or bi-directional Open Supervised Device Protocol (OSDP).

In addition to supporting mobile access credentials, using the BLE feature of select smartphones, Conekt includes a range of traditional physical access credentials, such as clamshell cards, ISO cards, and key tags.

Featuring easy registration, convenient mobile credentials, and multi-technology readers, Conekt is the next-generation ID solution for your electronic access control systems.

#### **Benefits of 2.4-GHz/13.56-MHz Conekt:**

- Smartphone wallet app securely stores mobile credentials
- One-time registration without the disclosure of sensitive private information
- Cloud-based delivery of mobile credentials
- Readers read Conekt BLE mobile credentials as well as traditional contactless smart cards
- Supports industry standard and custom formats
- Presentation and long-range readers available

## Mobile Integration as Easy at 1-2-3!

### 1. Smartphone wallet app to securely store mobile credentials

End users appreciate Conekt's respect for privacy—no private information, on-boarding process, or portal accounts required.

### 2. Mobile credentials with cloud-based delivery

With a convenient cloud-based delivery system and no physical credentials to inventory, Conekt mobile credentials are quicker and easier to order, distribute and maintain.

### 3. Readers combining BLE and contactless smart card technologies

Conekt allows access control manufacturers and integrators to offer customers a total solution—one that supports mobile credentials and traditional physical credentials.

Look for **Conekt** on the App Store and on Google Play

## Conekt Readers & Credentials

### SELECTION GUIDE

BLE/Contactless Smartcard Readers	Frequency	Read Range	Mullion Mount	Single-Gang Mount	Lifetime Warranty
CSR-35P	2.4 GHz and 13.56 MHz	up to 1.5 inches (38 mm)	•	•	•
CSR-35L	2.4 GHz and 13.56 MHz	up to 15 feet (4.6 m)	•	•	•

Credentials	Frequency	Read Range	DESFire EV2	MAXSecure™	ValidID™	Wiegand	Magnetic Stripe	Lifetime Warranty
CMC-2	2.4 GHz	with CSR-35P, up to 1.5 inches (38 mm)	•	•	•	•		•
		with CSR-35L, up to 15 feet (4.6 m)						
CSC-2	13.56 MHz	up to 2.25 inches (57 mm)	•	•	•	•		•
CSM-2P	13.56 MHz	up to 2.25 inches (57 mm)	•	•	•	•		1 Year
CSM-2S	13.56 MHz	up to 2.25 inches (57 mm)	•	•	•	•	•	1 Year
CSK-2	13.56 MHz	up to 1 inch (25 mm)	•	•	•	•		1 Year
