R2S ®

VISITOR MANAGEMENT FOR THE ENTERPRISE

Integration with RS2

Splan's intuitive visitor management solution will redefine your overall visitor management experience by providing a streamlined process for pre-registration, communication, and check-in regardless of device or environments. This will allow users to have the same experience on an iPad®, Android tablet, Windows Mobile App or on large display screens in your lobby.

The partnership between Splan and RS2 provides seamless integration for visitor check-in and check-out using Splan Visitor and RS2. Splan provides highly configurable solutions allowing our clients to dynamically change their integration parameters based on unique requirements, per site or location.

### Creating a Safe and Secure Experience for your Visitors.

A smarter, easier and more secure way to manage visitors for small, medium and large enterprises

Features and benefits

The integration between Splan and RS2 enables customers to provision badges for visitors and TEMP badges to Employees and Contractors/Vendors.

Visitor Check-In: Splan pushes the visitor's profile details during check-in and provisions credentials with required access levels to RS2. Admin can configure required data elements to be passed to RS2 based on location.

Visitor Check-Out: Splan will automatically remove Splan created credentials from RS2 on check-out and supports auto check-out at the end of the day.

Integration Benefits

- Provision credentials to Visitors with required Access Levels.
- Dynamic credentials with configurable range OR assign existing PROX cards to visitors.
- Configure Access Levels for each location.
- Supports configuring Access Levels at Tenant level for Highrise buildings.
- Issue Temporary Badges to Employees and Contractors.
- QRCode / Barcode badges for Turnstiles and Elevator access.
- Supports copying Employee active badge access levels to Temporary badge.
- Notifications and Monitoring of issued badges.
