A VIRTUAL ADDRESS THAT WORKS FOR LICENSING

Your home address won't cut it. Most license apps need:

- A business address (doesn't have to be physical)
- Matching proof like lease or mail
- Use virtual mailboxes like iPostal1 or Anytime Mailbox with mail forwarding turned on.

02

THE RIGHT LICENSE (NOT A DISPENSARY LICENSE!)

What you need is a Hemp Processor/Handler License.

This lets you:
