The following options are add-on options and apply **ONLY** if they have been selected on the Administrator Copy of the Application Page of this Contract:

SEALS AND GASKETS – If the **Application Page** shows that the **Seals and Gaskets Option** has been selected all seals and gaskets are covered for the components listed in your selected coverage except when the cause of failure is the result of overheating, lack of lubrication, or lack of required fluids. However, minor loss of fluid or seepage is considered normal and is not considered a breakdown and is not eligible for coverage. If this option is selected on the **Application Page** of this **Contract**, this option will expire and **Coverage** for this **Option** will expire once **Your Vehicle reaches 80,000 miles on Your Vehicle's Odometer.**

If **Your Vehicle** is found to be equipped with a Turbo/Supercharger, Hydraulic Suspension, and/or Air Bladder Suspension, and the corresponding Option is not checked on the Administrator copy of the Application Page of this Contract, then no Coverage will be provided for Failures related to that Option during the term of this Contract.
