

THIS IS
THE
BEGINNING...

Life is an echo.
What you send out, comes back.
What you sow, you reap.
What you give, you get.
What you see in others, exists in you.
Remember, life is an echo.
It always gets back to you.
So give goodness.

Привет!

Последнее ваше письмо было дважды переколорировано, пока дошло. Я не могу его прочитать. Гараголизе.
Мы установили связь ICQ.
Мой код 161131289, имя BLACK WOMAN (Саша придумал). Я спрашиваю, почему? Говорит, потому что ты лагаришь. Хорошая логика.

Let her be the ocean. Encourage her to be as free as the ocean, as deep as the ocean, as wild as the ocean, and as powerful as the ocean. Be so full in your loving, so strong and stable in your presence, that she can just let go and surrender the limits she has put on her feelings. Let the emotions of her heart flow unguarded. Let her love be expressed with no limits. Let her go mad with love.

Lean Just Beyond Your Edge

In any given moment, a man's growth is optimized if he leans just beyond his edge, his capacity, his fear. He should not be too lazy, happily stagnating in the zone of security and comfort. Nor should he push far beyond his edge, stressing himself unnecessarily, unable to metabolize his experience. He should lean just slightly beyond the edge of fear and discomfort. Constantly. In everything he does.

Loving-Kindness Meditation

During this day ...

- May I be happy
- May I be healthy
- May I be free from emotional, physical and financial suffering
- May I be free from drama, conflict and negative energy ...
- May I be immersed in prosperity, positive energy, and peace

And during this day may I give and receive sincere acts of love and kindness

Part one - Do this meditation toward yourself

Part two - Toward someone you are close to

Part three - Toward a neutral person (someone you've seen but you don't really know)

Part four - Toward a difficult person in your life

Part five - Toward all beings ...

"Be kind whenever possible. It is always possible."

- The Dalai Lama

There is a vast spiritual awakening in progress in our world. Quietly and soulfully, many are returning to the truth of who they are, seeing the futility of the world's ego ways. If you surrender to this call from within, it may lead to a deep questioning of "the way we do things". There will surely be moments of loneliness, where you feel that you no longer belong, as the world tries to pull you back in to its worn out paradigms; but if you stay in peace and follow the call, your soul will begin to see truth in a deeper way: the remembrance of perfection, your own, and that of others. This truth is the only freedom there really is, and its power is beyond anything the world can offer. It is your power. It can move mountains. It can heal you; it can heal the world. (Sheri Lane)

... failed...

When Socrates finished laughing at my sullen expression, he said, "Life is not about success or failure. It's about stretching yourself. How will you ever know your limits until you've tested them? How do you test them unless you're willing to die? Only?"

together you are still alone.

The closest you can ever get to another person is to be alone together. In the best relationships you are free to be yourself, the same person when the two of you are together as when you're apart. In fact a partner who complains of loneliness is really lonely for the part of himself he has sacrificed to be in the relationship. Resentment over this sacrifice undermines the relationship and is a source of conflict in years to come. What you give up is always what you end up needing most.

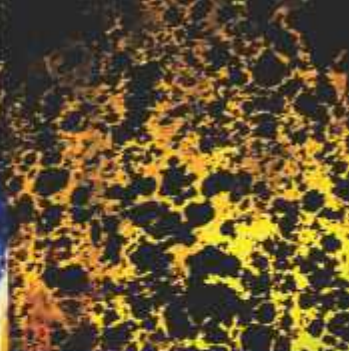

Today was the absolute worst day ever
And don't try to convince me that
There's something good in every day
Because, when you take a closer look,
This world is a pretty evil place.
Even if
Some goodness does shine through once in a while
Satisfaction and happiness don't last.
And it's not true that
It's all in the mind and heart
Because
True happiness can be obtained
Only if one's surroundings are good
It's not true that good exists
I'm sure you can agree that
The reality
Creates
My attitude
It's all beyond my control
And you'll never in a million years hear me say that
Today was a good day

LOGIC

Four commuters are riding in a train car. One gets up to use the restroom. Upon his return he finds another passenger has taken his seat. The woman next to the passenger that took the first passenger's seat is wearing a red overcoat. The man across from the woman wearing the red overcoat is not the passenger carrying the briefcase. The man with the briefcase was there from the beginning and has not moved. Seconds later they were all killed when the train derailed.
