PROVIDER DIRECTORY

Blue Medicare Advantage HMO

This directory provides a list of Blue Medicare Advantage HMO's Primary Care Providers (PCPs) in Iowa.

To access Blue Medicare Advantage HMO's online provider directory, you can visit **[Wellmark.com/Finder-Medicare](https://www.wellmark.com/Finder-Medicare)**.

For any questions about the information contained in this directory, please call our Customer Service department at **1-855-716-2555**, 8 a.m. to 8 p.m. local time, Monday through Friday, with weekend hours Oct. 1 through March 31. TTY users should call 711.

This information is available in alternate formats, including large print and audio CD. Please call our Customer Service number above.

Section 1 – Introduction

This directory provides a list of Blue Medicare Advantage HMO's Primary Care Providers (PCP). To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider. Generally, you must get your health care services from your PCP. A PCP is a health care professional who practices general medicine and is usually the first stop for medical care, who will help you coordinate your care. Our PCPs are MDs (medical doctors) or DOs (osteopathic doctors) with specialties including Family Practice, General Practice, Internal Medicine or Geriatrics. Certified Nurse Practitioners and Physician Assistants enrolled with our provider network in one of these specialty areas are also considered PCPs. You may call Customer Service at the number on the back of your ID card to add or change your PCP at any time.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. You are not required to get a referral from your PCP before receiving care from network specialists or other network providers. Some benefits require medical management and are covered only if your doctor or other network provider gets approval in advance (sometimes called "prior authorization") from us. Other providers are available in our network.

You must use network providers except in an emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers neither Medicare no Blue Medicare Advantage HMO will be responsible for the costs.

If you need emergency care, call 911 or go directly to an emergency room. If you are admitted to the hospital for the same condition within three days of your emergency room visit, you do not have to pay the emergency room copay. Emergency care can always be obtained in or out of the service area from the nearest available provider. You may obtain urgently needed services from any qualified provider when you are outside of the plan's service area or when network providers are unavailable. You're also covered for emergency and urgent care worldwide. You may have to pay for the care you receive and seek reimbursement from us. See your Evidence of Coverage for more information.

If you receive emergency care at an out-of-network hospital and need inpatient care after your emergency condition is stabilized, Blue Medicare Advantage HMO may move you to a network hospital for part of your stay after you are stabilized. If you choose to continue services at the out-of-network hospital after your discharge, your stay will not be covered.

If you should receive a bill from an out-of-network provider, you should **not** pay the bill but should submit it to Blue Medicare Advantage HMO for processing and determination of your payment responsibility, if any.
